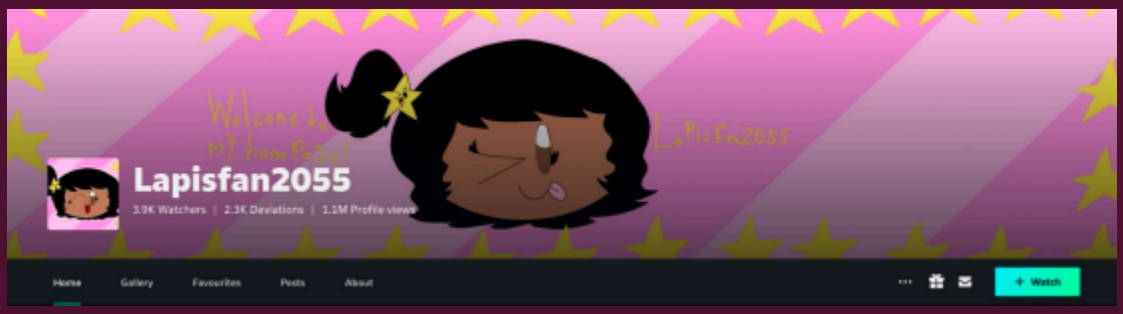
Introduction

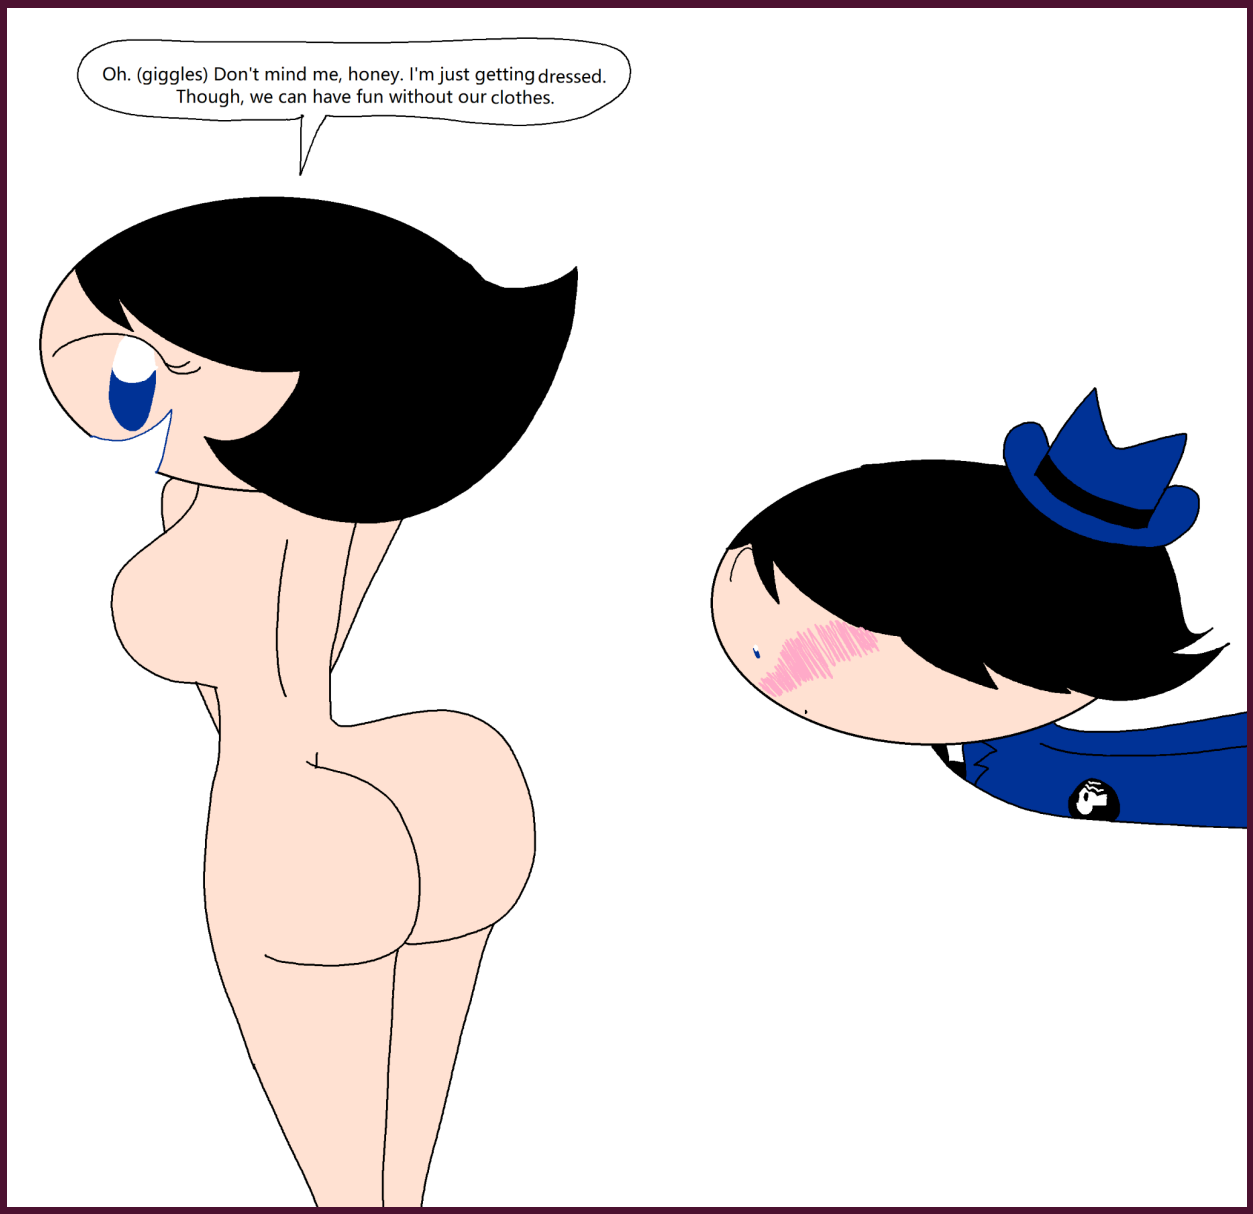


If you don't know LapisDrawsStuff (DA and Newgrounds username) aka Kya Parker, also known as LapisFan2055 on Instagram and formerly on DA and Spacejamstr on Fandom/Wikia, then she is an extremely popular online user: at the time this doc was initially written, her first DA account had 3,902 watchers, and as of the time it was rereleased, her second account had 1,106 watchers. She is known for her humanized TV channels and her close associations with several other popular users. However, Lapis/Kya is also hiding some dark secrets.

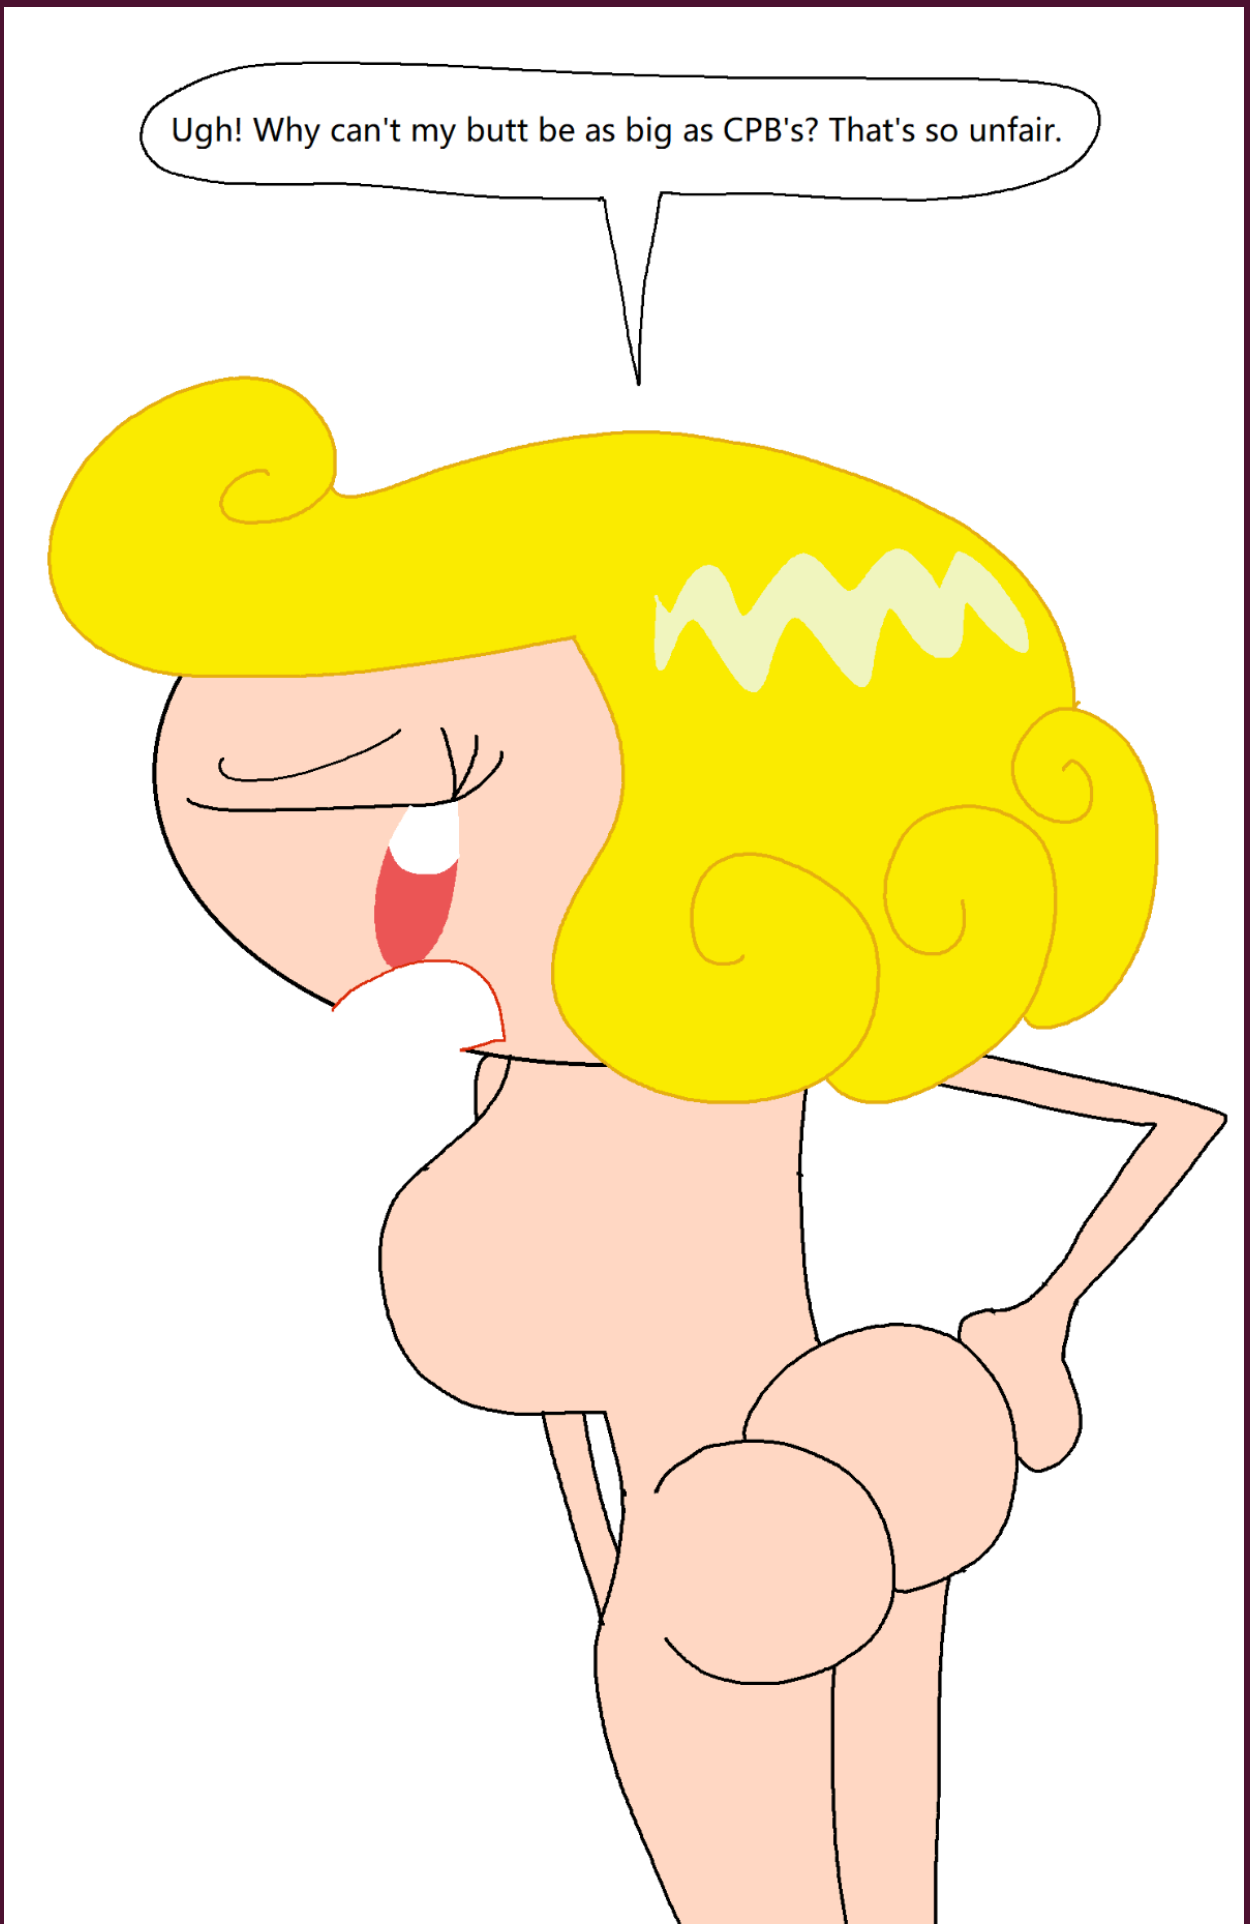
UPDATE 10/2/25

Recently Lapis DMed several sexual channeltan images to Jaxson, a 16 year old user. Lapis is 18; therefore this counts as grooming of a minor. A lot of these ocs are canonically minors. Another image was revenge porn of a PBSK oc persona of Mallory (one of Terri's friends); Mallory has had disagreements with Lapis in the past. She admitted it when called out by nexus.

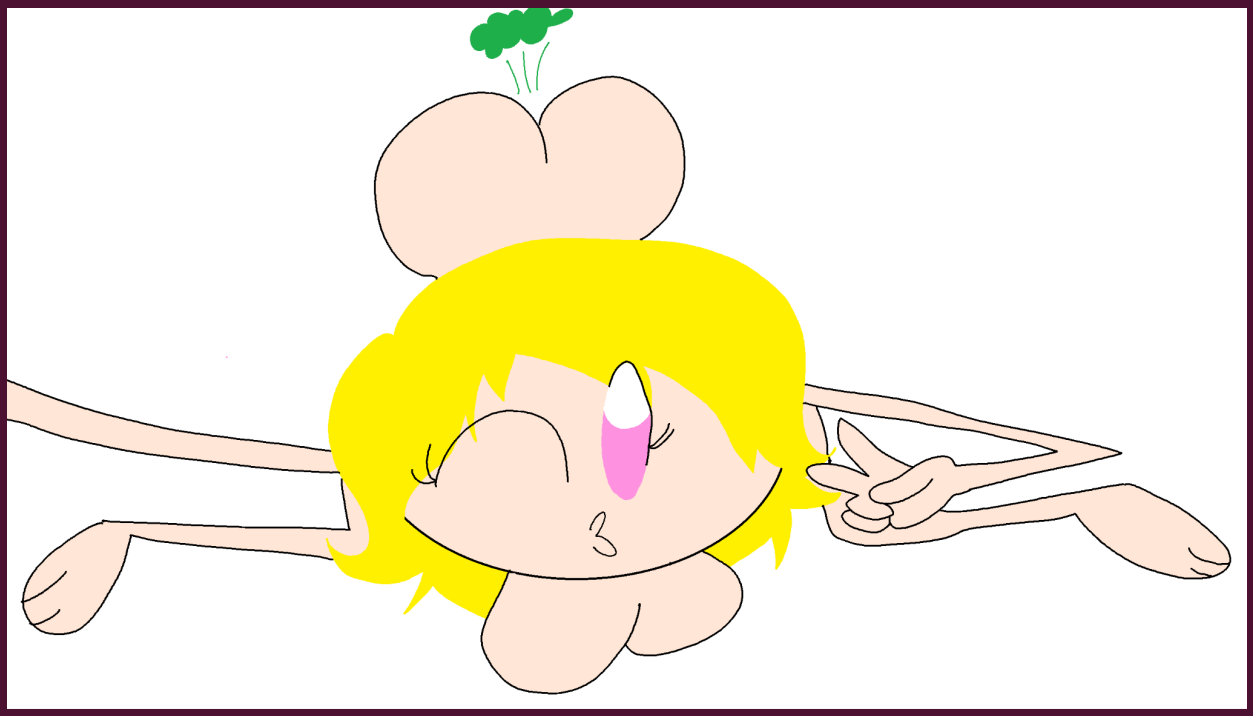
Look, I'm not that much of a show off, but...
How do you like my butt?



Oh. (giggles) Don't mind me, honey. I'm just getting dressed.
Though, we can have fun without our clothes.



Ugh! Why can't my butt be as big as CPB's? That's so unfair.



OH!!!!! It feels so fucking good!!!

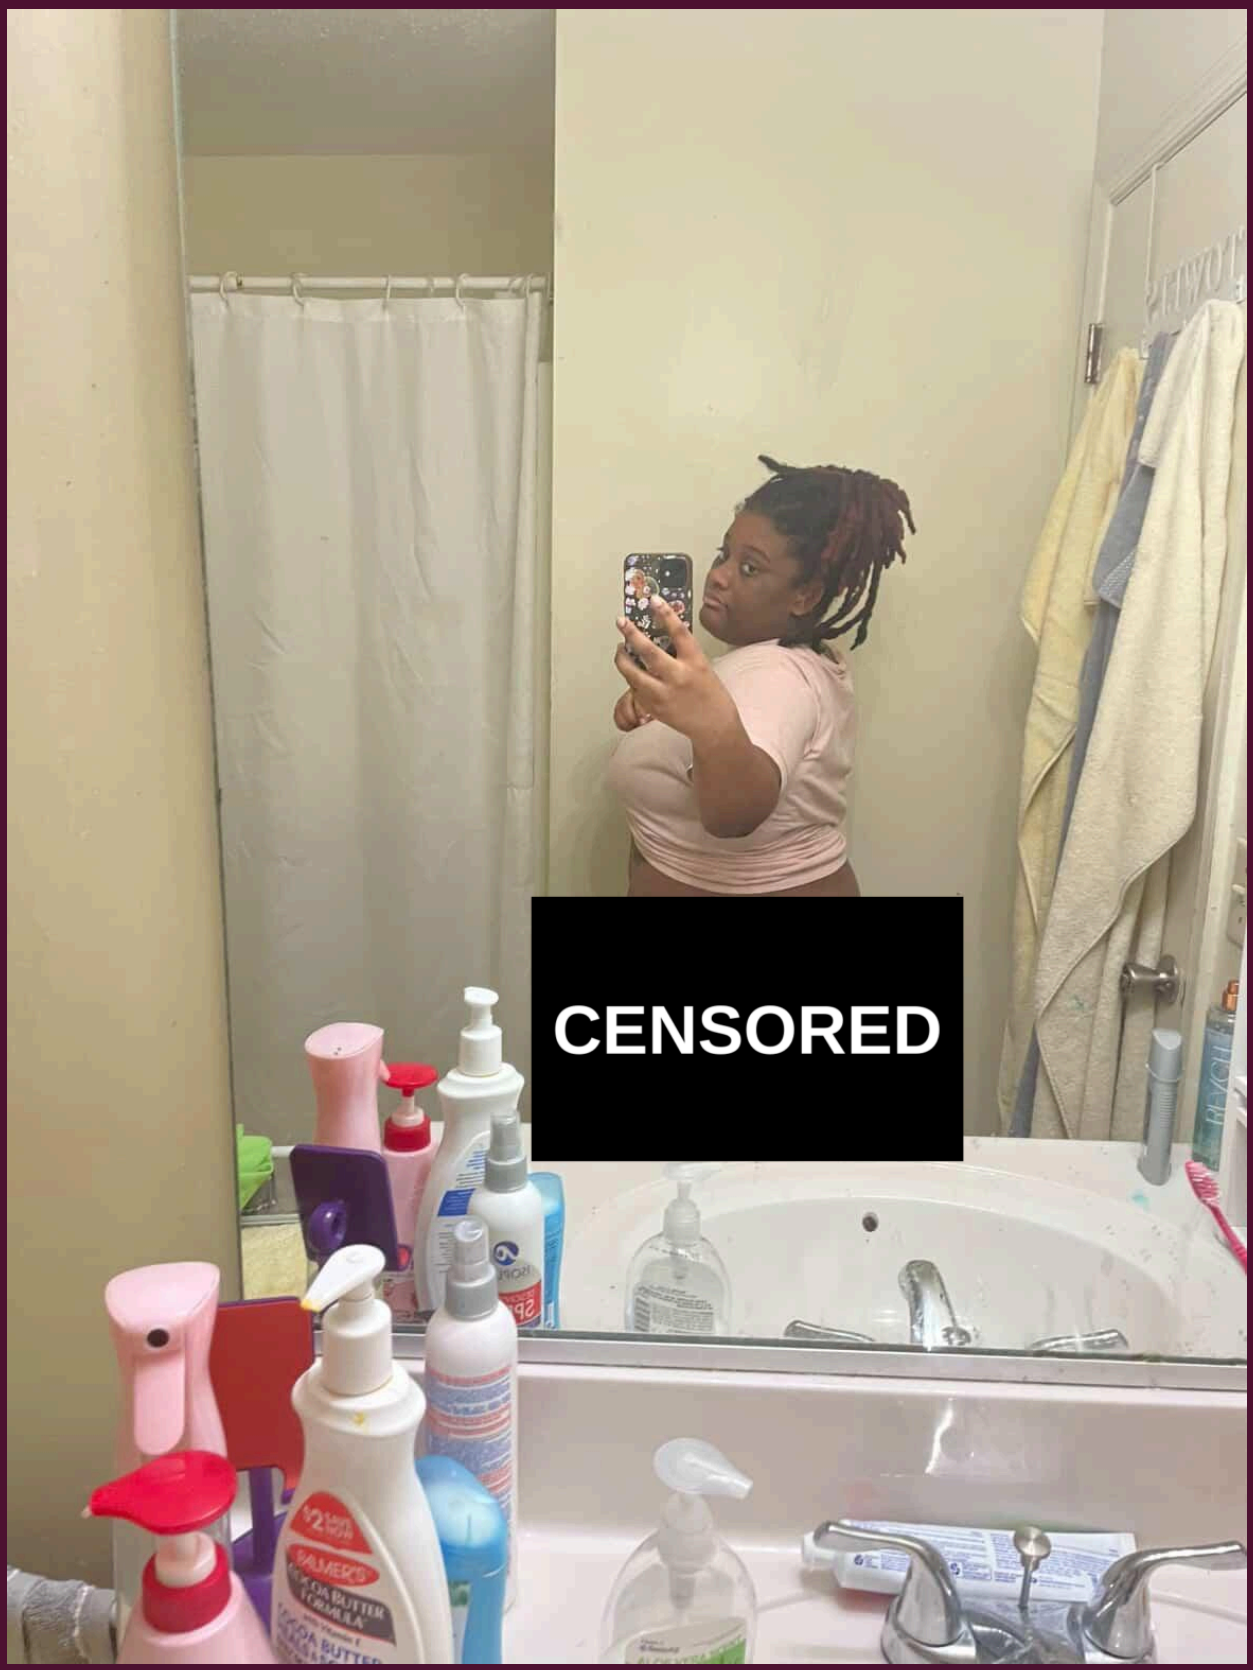
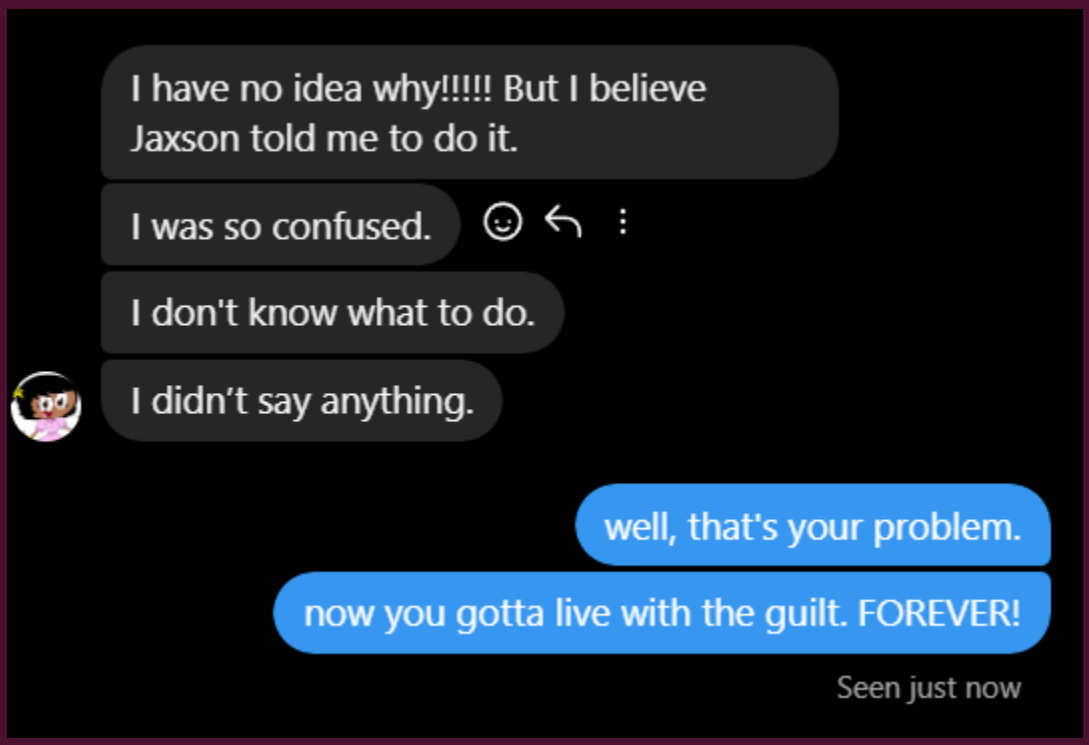
Not only that, but she sent said minor a picture exposing her private area.



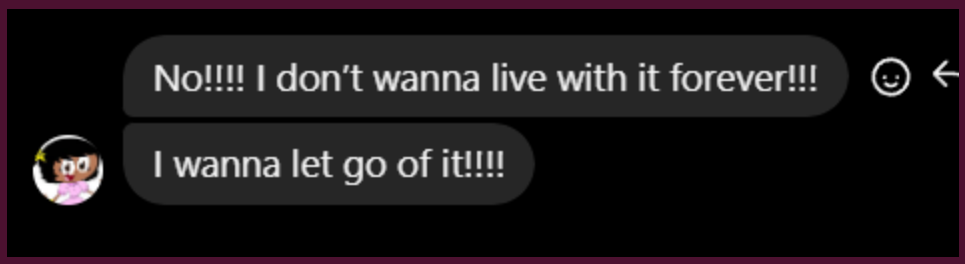
CENSORED

This is a zillion times worse than the time she sent death threats to Nexus, ngl. Lapis gave the excuse “she was tricked into doing this”, but that does not negate, she drew all that stuff and showed it to a SIXTEEN YEAR OLD BOY.

When called out, she claimed, Jaxson forced her to do it. This is a common tactic used by groomers, known as DARVO.



I have no idea why!!!!! But I believe Jaxson told me to do it.
I was so confused.
I don't know what to do.
I didn't say anything.
well, that's your problem.
now you gotta live with the guilt. FOREVER!
Seen just now



Lapis tried releasing these screenshots so that she could pin the blame on Jaxson, but in reality, they only prove Lapis’ guilt. Lapis should have said “no thanks” when Jaxson mentioned said pictures existed, but instead, she asked Jaxson to show them to her. “Oooh” is an EXTREMELY flirty choice of words.

And guys, you’re totally not gonna believe who made me make those unquestionably arts. The person who did that is none other than Jaxson. I’m not kidding. Jaxson told me that he loves NFSW. He requested me to make those unquestionably arts and I tried to say no, but I couldn’t even resist at all. I unfortunately didn’t know what to do at all. I want to say no because I don’t even do NFSW at all, but unfortunately, I couldn’t make him sad. And now look where we are...

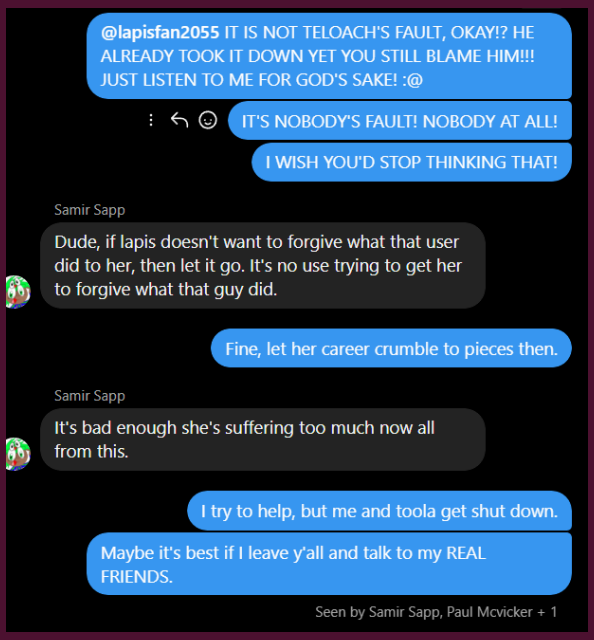
Death threats

Until recently, this was Lapis's most notorious and unforgivable crime and the very thing that had sent her first account spiraling from stardom and fame since, something that neither even deleting her fetish arts nor constant begs for forgiveness will negate. When TheNexusOnDA and other users tried to confront her, she just yelled at him and manipulated him into "staying neutral" which is kinda sad. Then it devolved into Lapis pressuring Nexus to break up with T21, and then roleplaying as if she were assaulting Nexus by cutting his arms and then sending him death threats after he refused.



@lapisfan2055 IT IS NOT TELOACH'S FAULT, OKAY!? HE ALREADY TOOK IT DOWN YET YOU STILL BLAME HIM!!! JUST LISTEN TO ME FOR GOD'S SAKE! :@
IT'S NOBODY'S FAULT! NOBODY AT ALL!
I WISH YOU'D STOP THINKING THAT!
Samir Sapp
Dude, if lapis doesn't want to forgive what that user did to her, then let it go. It's no use trying to get her to forgive what that guy did.
Fine, let her career crumble to pieces then.

They're finally back, gang! I've brought back Chang and Ching, two twins from China. It's been a while since I've drawn the little Chinese twins. It's a joy that they're back now. Chang Yin (the red one) is still the quirky, silly, wacky goofball while Ching Yin (the pink one) is still the bubbly, cheerful, sunny optimist. I better start drawing the Yin Twins more often.

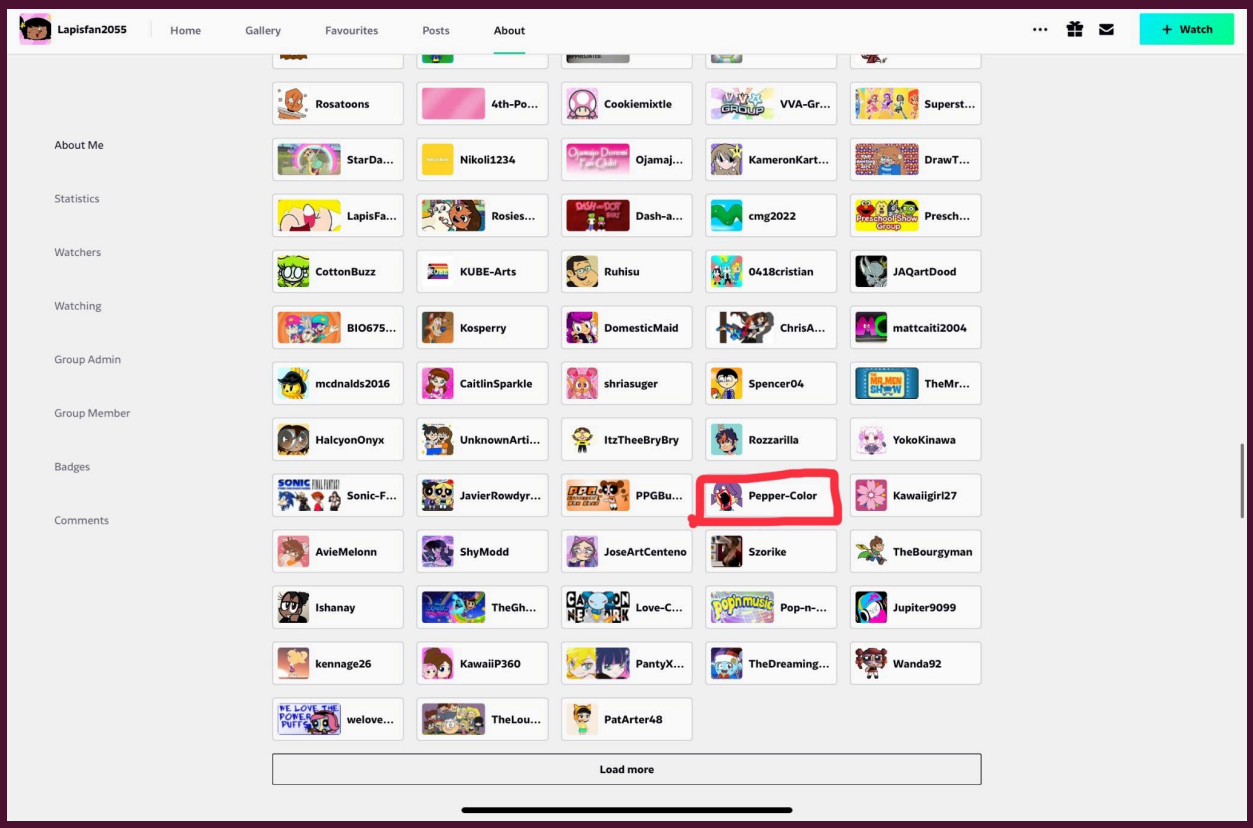
Although she had renamed them, this doesn’t negate the fact she did it in the first place!

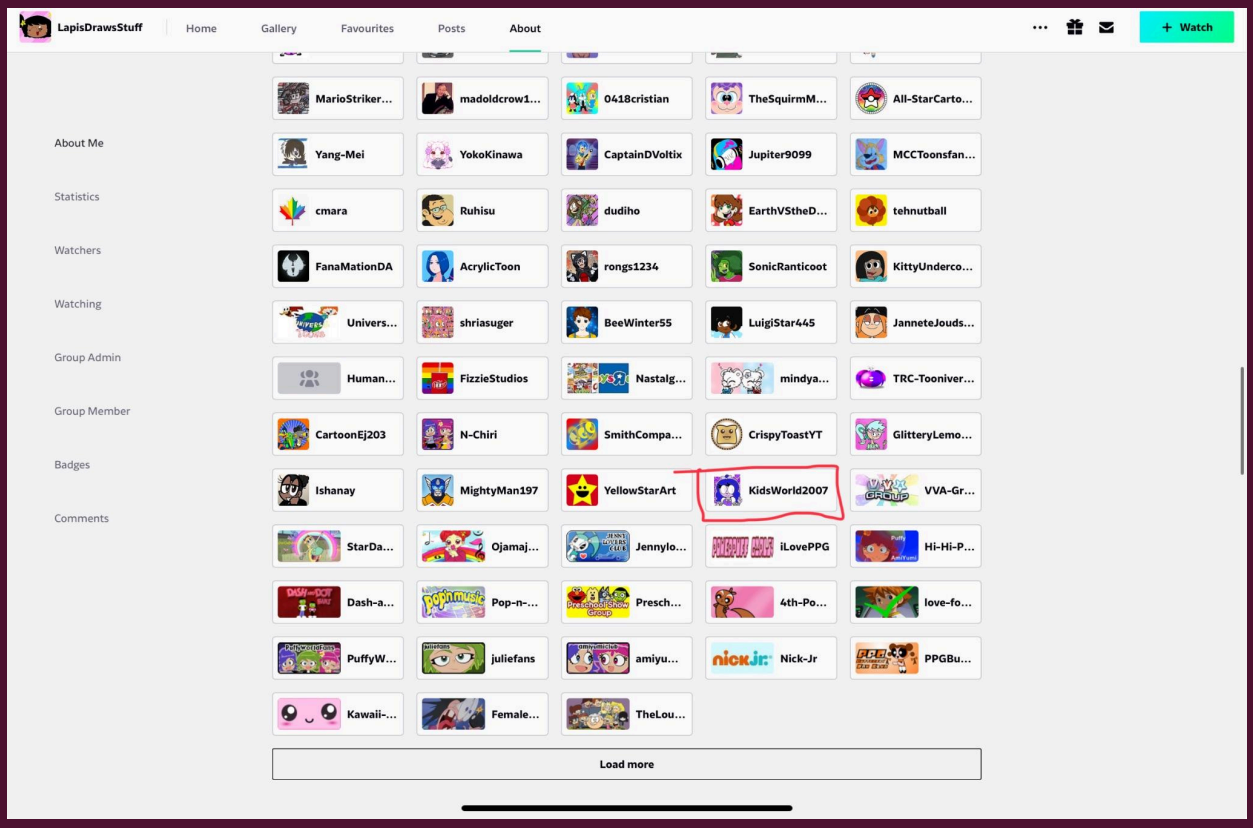
Relations with other users

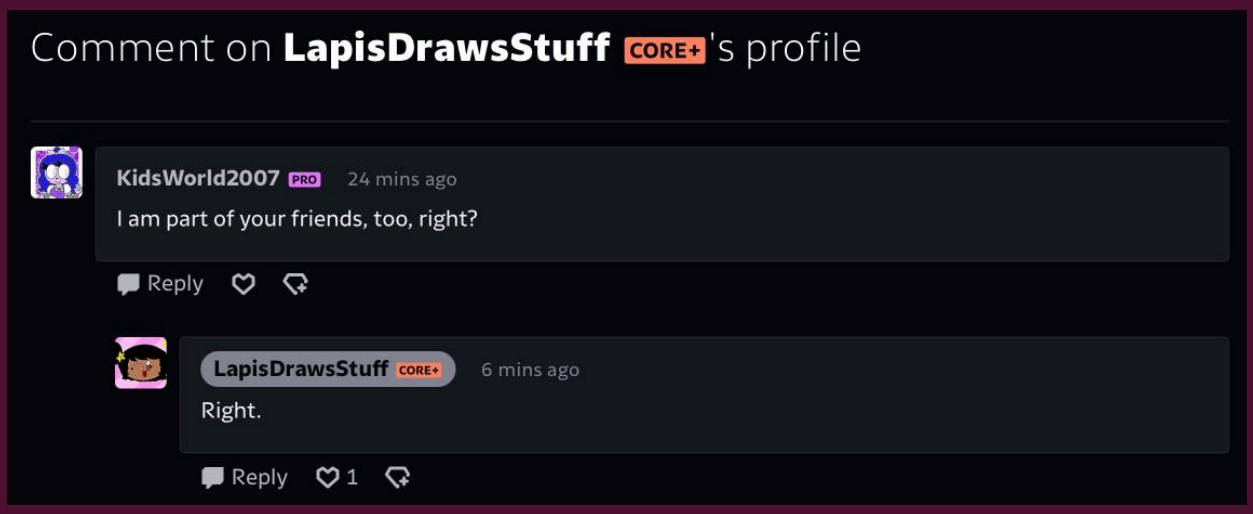
Lapis is mutual watchers with Thai user Pepper-Color; the red flag here is that Pepper is a known pedophile and manipulator, reneged on a promise to deactivate, and let herself and her whiteknights constantly abuse social media report systems. Evidence here:
https://file.garden/Zlac-xdy5htmgsT8/PEPPER-COLOR%20CALL%20OUT%20POST.pdf
https://web.archive.org/web/20240520160146/https://www.deviantart.com/blackwargreymon2003/journal/Please-Don-t-Suport-Pepper-Color-1038304954



She has continued her friendship with Pepper, despite having probably cut off all contact with the other users below.

On her new account, she has a mutual watch with KidsWorld2007, a user known for bashing opinions on anime and being racist towards Japanese people because Japan makes anime. Essentially KidsWorld is Bart-Toons 2.0.





Until quite recently, Kya was friends with PurpleDino100 aka Donzelle Clemons, who actually had a criminal record for attempting to play a “tickle game” with a young girl at his local park (and also has a LOT of foot fetish art involving minor characters).

Kya also supported PaysonSmith and ChiareyChan (both known pedophiles).

She even made fan-art supporting her in 2023, despite having been ostracized for liking fetish art of child characters.

She had previously made fanart of Rainbowkitty101, another controversial user. https://archive.is/pjzYN

With Payson, she once said in a deviation that it shouldn't matter if he was a bad person, and that it doesn't mean his characters won't be ruined by his reputation. (Weezinator note: Unfortunately, I couldn't provide a screenshot of this. I can tell you all that this did in fact happen. I believe it was the description of a Mooney's World art).

She also posted a deviation apologizing to Payson because she couldn't draw him a picture of her humanized TeenNick's stomach growling. I mean, come on, it's obvious Payson is a bad person because he requested fetish art of TEEN Nick, but no, Lapis still supports him anyway.

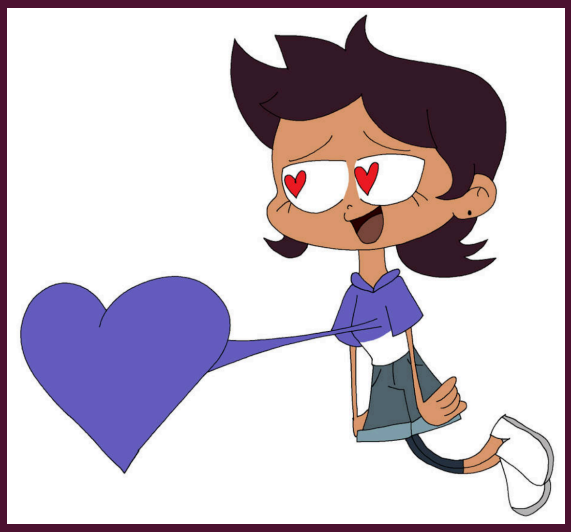
> As you can see, I am unable to do a drawing of 2009 TeenNick (my version) whose tummy is rumbling while she's babysitting 2009 Nick Jr (my version) because I was too busy with summer school. So yeah, I have to deliver the unfortunate news to paysonsmith . And Payson, if you're reading this, I'm sorry but I can't draw TeenNick with her grumbling stomach while she's with her little sister. Sorry buddy, but you're just gonna have to deal with it. Anyways, got any other ideas for me?

Fetish art of minors

Cardiophilia is basically a fetish for hearts, specifically heartbeats. Lapisfan has a lot of these in one art gallery, but there's one problem - most of the characters are underage.

This is an example, titled "Lovesick Amy Rose". Amy is canonically 12, and although one can argue that Sonic characters no longer have canon ages, she is still implied to be a minor.

Another example is this artwork of "Lovesick Luz": Noceda from the Owl House.



Although she was 18 by the end of the show, it depicted her appearance in the debut episode, making her 14. You can probably see where this is going, especially with some stomach growl art.

Yet another example is this artwork involving Amitie from Puyo Puyo, pretty much self-explanatory at this point.

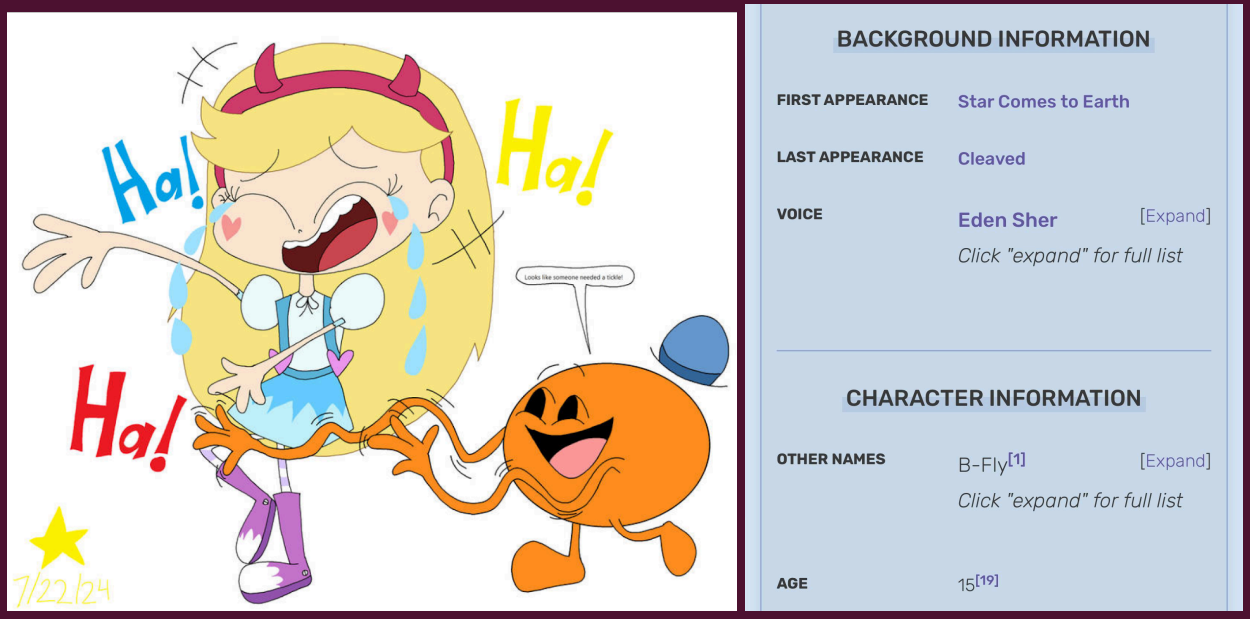
It could also mean the end of her reputation too, honestly that's sad.

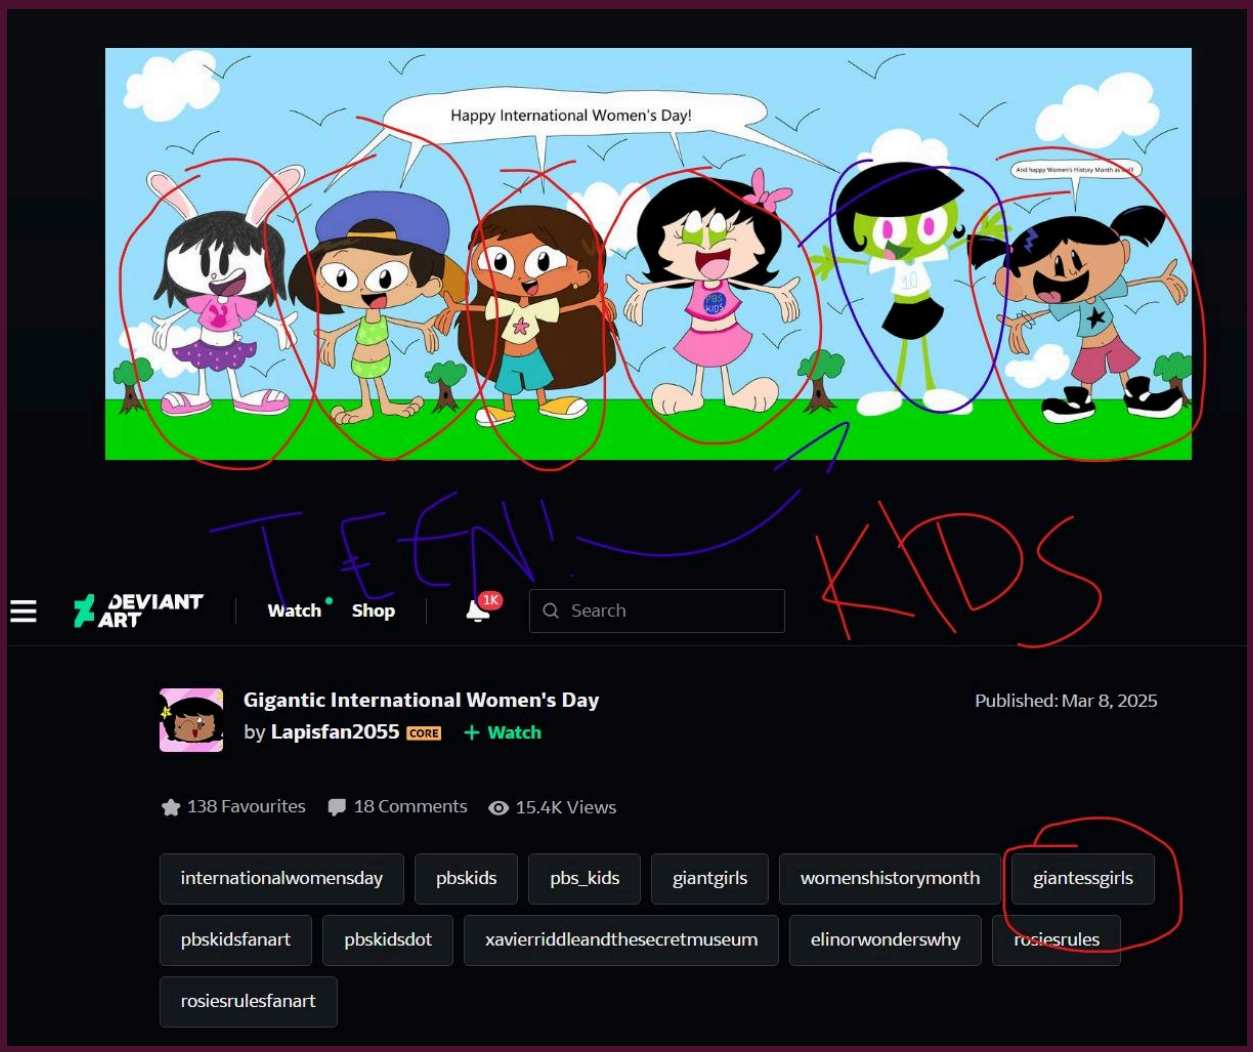
Oh yeah let's not forget her tickle fetish.



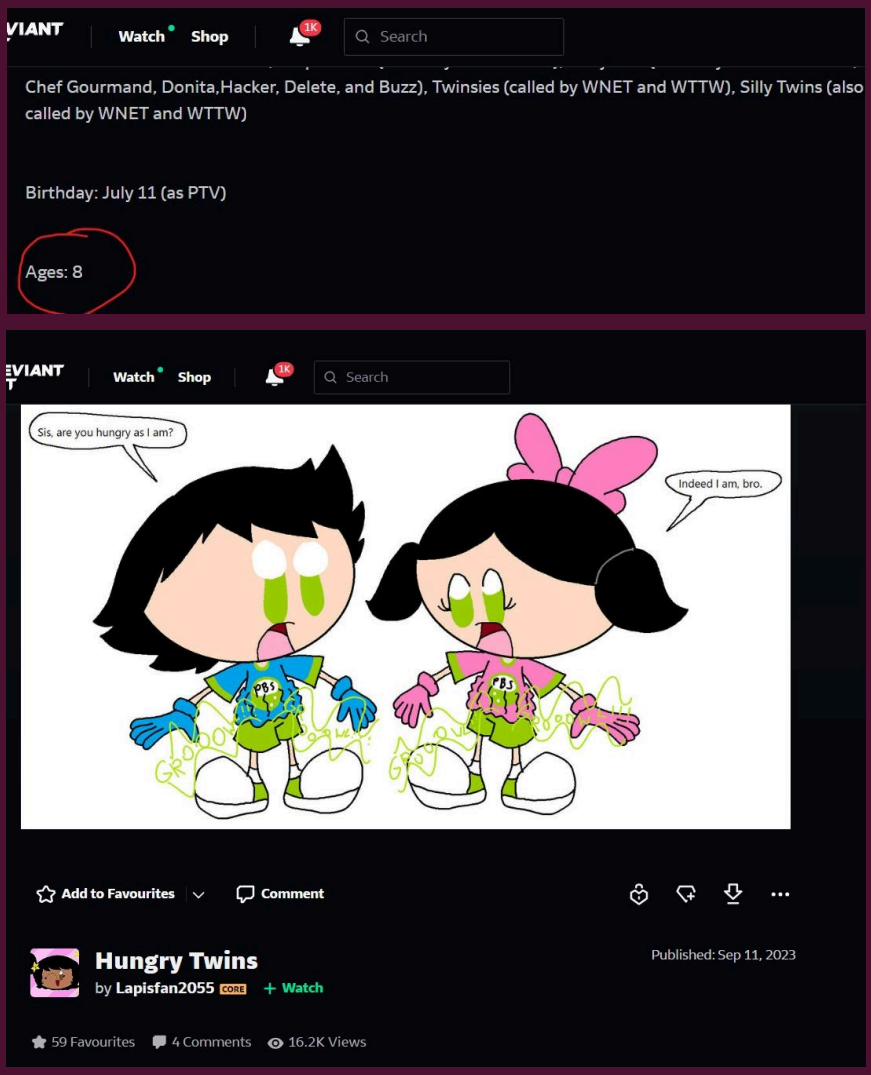
***Left**: "Tickling the Princess of Mewni". **Right**: Star is canonically 15.*

Now, is cardiophilia a fetish? **Very**, *very*, ***VERY*** likely, since her cardio*philia* art has "philia" in it. Tickle torture and stomach growls can possibly count as fetishistic.

She has made plenty of giant(ess) art, although the most shocking one has to be this post she intended as a celebration for International Women's Day.
All of the characters are underage, and two of the characters (both below 13) have their bare feet exposed.



Many of Lapis's characters are both underage and were depicted in questionable situations, among them being two personifications of PBS Kids' 2022 branding and logo, intended to resemble Dot and Dash.



***Top**: Part of the bio for her two personifications of 2022 PBS Kids, confirming them to be minors.*
***Bottom**: "Hungry Twins", another one of her fetishistic artworks.*

Back in her Fandom (Spacejamstr) days, she made two fetish artworks out of one of her personified television channels (i.e. 2004-2010 Cartoon Network), one showing him requesting to have his feet tickled (mentioned earlier) and the other showing him with a belly full from eating cookies. Of course, as one would expect from Lapis, he's a minor, and this is technically pedophilia.

Top-right: *The same character asking to have his feet tickled*

This is not the only fetish art Lapis did of her human channel OCs in the past either. All of these are from the Spacejamstr wikia account.

Sasha and Cartoon Network Inflated

1998 Cartoon Network (my version) and Sasha were inflated by Harvey's tricks again. And for some reason, heh, I still like Sasha. Note that I've done only the part where Sasha is inflated after the blowback.

Lapis eventually caved in and renamed her cardiophilia art folder to heartbeating artworks, although along with many of the actions she reneged on or took back (especially the death threats), it would prove too little too late.

She deleted some (but not all) of the fetish artworks from her account after being called out, but that does not negate her other transgressions (such as death threats): https://archive.is/bdeDv

Moreover it has been rumored that Lapis may have done literal lolicon art, which is FAR WORSE than silly fetish art. While this has not yet been confirmed, it has been mentioned here for completeness.

Welp. There's quite a lot of things that she did over on The CN Wiki on Fandom that I couldn't fit entirely on here, she made sockpuppet accounts over there, (FunDrawer2006, 2 based on 2 of her OCs, and one alt that had her real name) she easily got pissed over her "friends" being impatient and telling her "when's your new art coming?" or giving her advice and/or constructive criticism, and completely lost it when she got banned from Fandom, but persisted in her behavior on dA.

She even made hate art of people she had arguments with.

This is Trevorgunderson

Hi, I'm Trevorgunderson. And I like smelling my butt because I am a big fat pig who always tell stupid questions to Spacejamstr, tell horrible lies that everybody hates, thinks about reality, and be a total butt-monkey jerk at my friends. Also I'm the dumbest redhead in every Fandom wiki.

And also:

Cyberbullying

It was revealed that Lapis cyberbullied a 9-year-old in DA, who was one of her fans

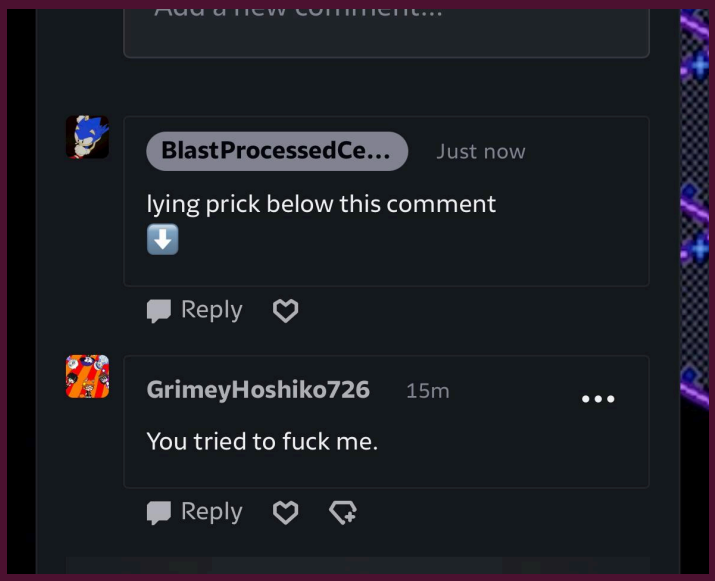
https://www.deviantart.com/comments/4/98354492/5219702652

Lapis should've known that cyberbullying it's actually an illegal crime in some places.

In fact, cyberbullying can be so harassing, it can make someone else end its life immediately. Just like what happened to Mikayla Raines.

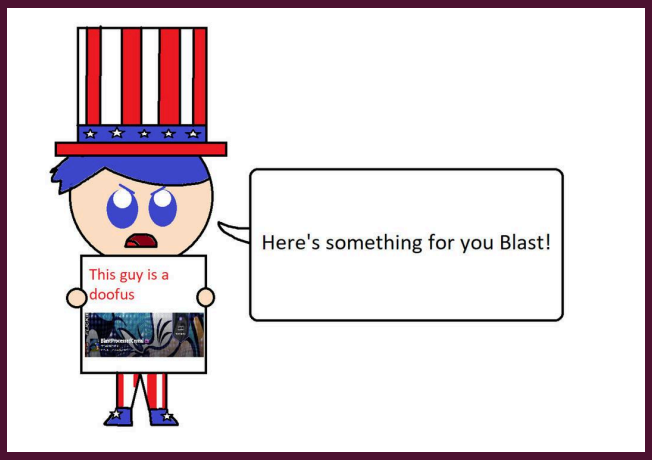
Poor behavior from and towards fans

Her fans have also engaged in poor behavior, and once had BlastProcessedCereal pinned as a scapegoat against Lapis.



One of Lapis's fans accused Cereal of attempting to molest him, although there was no proof to back this up and Cereal never even met the said fan in real life. Worse still, many of Lapis's fans began bullying and blocking Cereal.

And according to BlastProcessedCereal, her fans even went as far as making hate art too!



you're gonna pay for what you did... YOU'RE GONNA PAY FOR WHAT YOU HAVE DONE TO LAPIS! I SWEAR... IF YOU DO THAT TO HER AGAIN, I WILL BEAT YOUR NIGHT UP!!!!
HC

All the while, Lapis sent her huge (like her ego) fan base to put Cereal on blast (ironically, their full username was **Blast**ProcessedCereal)

She also doesn't seem to apologize for that practice either, it's almost like she doesn't give hoots about the drama right now except to frame people who were just trying to get her to rename a folder. I would say she's a pussy but that's an insult to pussies, in both the feline sense and the you-know-what sense.

However it seems as if some of her whiteknights (i.e. deranged fans) aren't immune from her rage either...

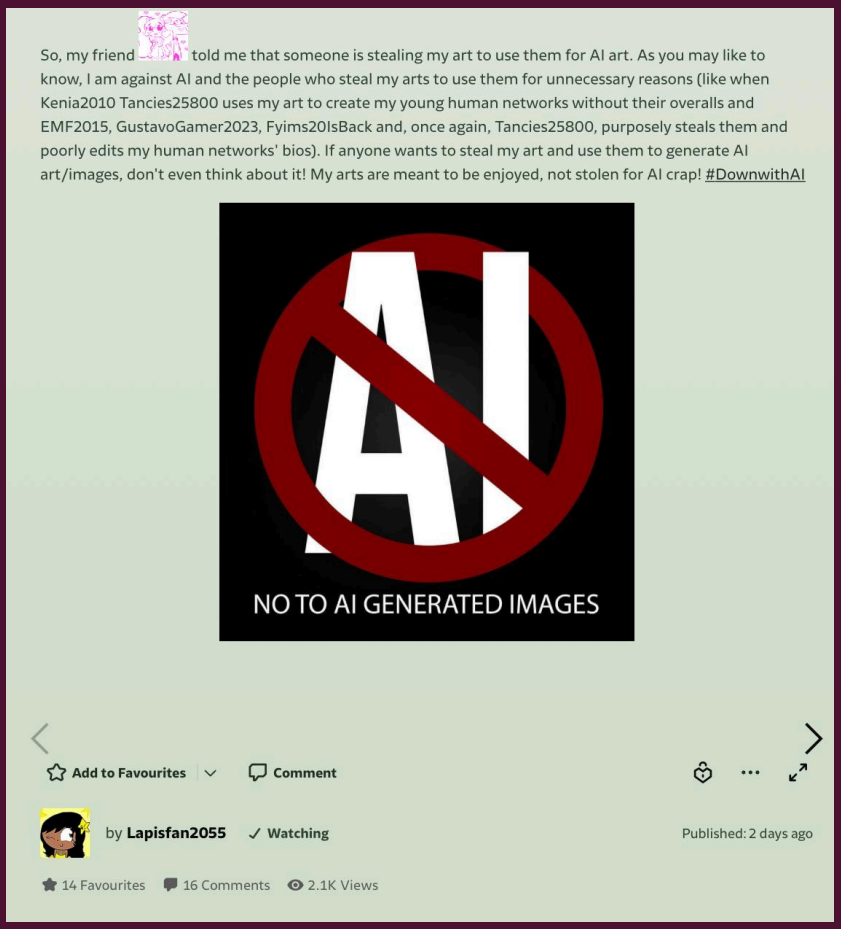
@trevor09182, are you the stupidest guy ever?!?! I'm black in real life!!!!! Get it?!?!?! You are the dumbest user ever!!!!! And I hate questions from you!!!!!! Stop asking questions!!!!!!

She can't even tell the difference between AI generated images and simple MS Paint recolours: https://www.deviantart.com/lapisfan2055/status-update/So-my-friend-told-me-1119593557



So, my friend told me that someone is stealing my art to use them for AI art. As you may like to know, I am against AI and the people who steal my arts to use them for unnecessary reasons (like when Kenia2010 Tancies25800 uses my art to create my young human networks without their overalls and EMF2015, GustavoGamer2023, Fyims20IsBack and, once again, Tancies25800, purposely steals them and poorly edits my human networks' bios). If anyone wants to steal my art and use them to generate AI art/images, don't even think about it! My arts are meant to be enjoyed, not stolen for AI crap! #DownwithAI

She initially claimed to apologize at one point, but lied about it under the pretense of being too scared whilst continually making posts about losing watchers and misblaming Teloach. (even tho teloach is no better, if anything even WORSE than lapis)

Also, I'm gonna make a super long apology journal to Blast, Teloach and Lloyd tomorrow. I just want this atrocious drama to end already.

In short, she tried to gain sympathy from others despite losing watchers, and began sending her goons in to attack others who hate her.

She eventually did “apologize” to Blast, Teloach and Lloyd, if only to save her skin. Again, it was too little too late as the damage had long since been done, as many had already cut ties with her, and so she and her friends continued to harass Lloyd anyway, as seen here.

> @LapisFan2055 @Vissy1
> Please get off the internet and go fuck yourselves. You’re genuinely ruining my mental state. And leave Sora alone, he did nothing wrong.

> I can’t believe I was about to become friends with you too.

An addendum: during the early stages of this drama, before the death threats towards Nexus, when T21 still hoped Lapis was forgivable, many had asked Lapis to unblock T21, but Vissy was the only one she listened to.

One of Lapis’ fans, RubyThePrettyGirl, manipulated Vissy into blocking CameronisKon when he tried to tell Lapis about what had gone wrong with her.

And she’s made continuous attempts to apologize and sympathy-bait people to stop cutting ties with, blocking and unwatching her even though it’s obvious she won’t be forgiven any time soon for threatening to kill Nexus.
https://www.deviantart.com/lapisfan2055/journal/A-super-long-apology-journal-a-break-1198255760

> You guys! Please stop unwatching me and cutting ties with me! You should also stop listening to Toola, Blast, NyanCat06 and their document! I don't want to be hated because I already apologized for my actions! And I don't support ChiareyChan, and Ra1nb0wK1tty101 anymore! Just stop giving me all the hate and realize that I have made an apology journal! So, please do your part and have some love for me again. Just stop listening to that horrible document and acknowledge that I have regretted on doing those bad things in the past. You should also stop the spread of the document because I have already moved on. I want my reputation saved from cancellation by Toola.

In one of Cereal’s deviations referencing Despicable Me 4, someone threatened to kill Cereal and threatened to have anyone who added the deviation to their Favorites “burn in hell for eternity”.

Lapis also reneged on a promise she had made to PizzaTime about ceasing and desisting from whining about T21's role in Lapis's downfall.

LAPIS' FRIENDS 'N' FANBASE ARE NO BETTER (and maybe even WORSE..)

One of Lapis' close associates is Payson Smith, a YouTube (and formerly Instagram and DA) user, who plans to produce something called "Mooney's World" for PBS Kids, which later scrapped that piece of shit show, for his so called TV Network "Peacock TV" (which stole its name from NBC-Universal's streaming service). Payson is also a GIANT piece of shit person.

What did Payson do wrong?

…is what you're asking. Here, look at this.

Drama king behaviours

Rivalry with NickPBSKfan

First, his HUGE beef with NickPBSKfan. Almost a year ago, NickPBSKfan, used to be a toxic user that he hates Nickelodeon a lot, and Payson angrily argues with him, for a few months. Later on, a user named, AldrineRowdyRuff boy made a Discord server just for him, after NPBSKF had actually changed his ways, and he likes Nickelodeon now. But, Payson still thinks NPBKF is a liar, and gaslights people thinking his old arch-enemy hasn't changed. Payson said that NPKF is no longer a bother, but Payson will get a huge karma in the future.

Bashing opinions

Second, Payson forces Lapis to stop making new fanart of BFDI which he does not care. He thought if Lapis continued making more of BFDI, he worried that she would stop making new fanart of the Human Networks. Despite the fact, Lapis can do whatever she wants, and if Payson doesn't care about Lapis' favorite show, then let her draw new fanart of it! And did I mention… Every time Lapis makes a pic related to BFDI and/or any other Object franchise, Payson forces Lapis to knock it off.
Not to mention he says that he thinks Nickelodeon is a god of a network, which is too much for something so trivial. Nickelodeon is just a network, not a god of a network.
He has also called IanandArt-Back-Up-3 a "summer hating bitch" for preferring winter to summer, even though Ian has sensitive skin in real life.

Causing the downfall of Lucrecia Guerruro

Third, Payson REFUSES to respect Lucrecia's opinion that she hates Babyfirst TV.
Several months ago, Lucrecia first talked smack about hating BabyfirstTV, and lied that Lapisfan's Honey Pie (Babyfirst 2014) likes to swear, even though she's a 2 year old baby. Payson blocks her, due to her hatred of the channel, and Lucrecia desperately wants Payson to unblock her. She even made artwork to show her progress of wanting Payson to forgive her and unblock her, along with Babyfirst 2014. Surprisingly, Payson did unblock Lucrecia, she loves the Honey Pie, and they became friends again.
That is, until Lucrecia goes back to her old ways, and Payson angrily refuses to respect Lucrecia's opinion, and the rest is what is today. Essentially Payson is responsible for Lucrecia going insane.
Oh, and Lucrecia continues her pointless rants about why she hates BabyFirst TV so much, and makes garbage hate art of ZingerBurger 123. Payson is the reason why Lucrecia became so infamous nowadays. Payson did throw manbaby tantrums when people hate stuff that he likes. Payson blames his autism for his poor behavior.

I'm more into her drawing other stuff like Human Networks, Rosie's Rules, or anything else that's not BDFI-related. Doesn't she know BDFI is not my thing???

Making Cutie Starlinky Go Squeak Squeak
25 6 4.6K
For my best bud Spencer04
I took Starlink to the Moonsprite's backyard so she can play with the toy sprinkler. After she got done, I poked and tickled her cute belly.
I just love it when Starlink always squeaks when she's getting tickled.

In my thought, she might be taking a break from it for a while. That also doesn't mean that she'll stop drawing Human Networks for good. It's best if you give her some time to have her own ideas for drawings, don't keep that same thought about it.

Yeah... I decided to cancel the idea Payson gave me because in my Human Channel canon, 2009 TeenNick (my version) does not babysit anyone due to not being interested in babysitting. There are other babysitters (like WNET and WTTW) on Television Town who babysit preschool networks and not TeenNick. Sorry Payson, but it looks like you're gonna have to deal with it and do it yourself. Please don't block me.

TeenNick is not a Babysitter

Jul 27, 2023 · 3.6K Views

In case you guys haven't known yet, 2009 TeenNick (my version) is not a babysitter. Spencer and Payson think she's a babysitter, but she's not even a babysitter at all. She's just a normal teenager who is more into teen magazines, boy bands, her makeup kit, shopping, and reading her diary than babysitter (because it's not her thing). I hope you guys understand that.

Unfortunate News from TeenNick

Jul 06, 2023 · 4.5K Views

As you can see, I am unable to do a drawing of 2009 TeenNick (my version) whose tummy is rumbling while she's babysitting 2009 Nick Jr (my version) because I was too busy with summer school. So yeah, I have to deliver the unfortunate news to paysonsmith. And Payson, if you're reading this, I'm sorry but I can't draw TeenNick with her grumbling stomach while she's with her little sister. Sorry buddy, but you're just gonna have to deal with it. Anyways, got any other ideas for me?

I don't want to see angry characters, Lapis. Especially Nick Jr. when she's angry and violent. It's making me very uncomfortable. Plus anger is not silly or cute.

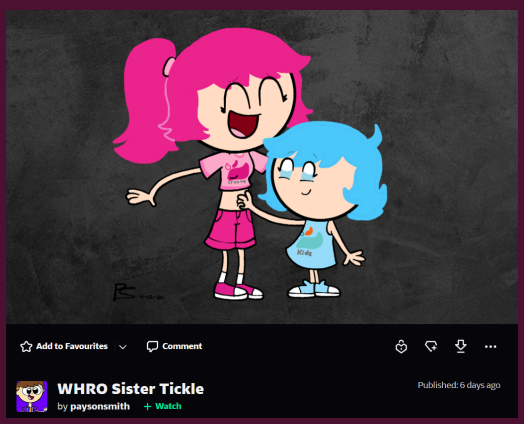
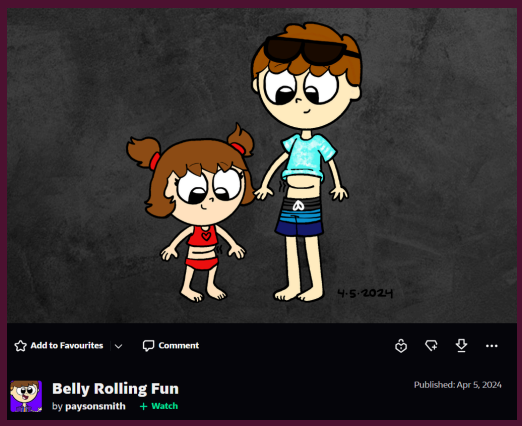
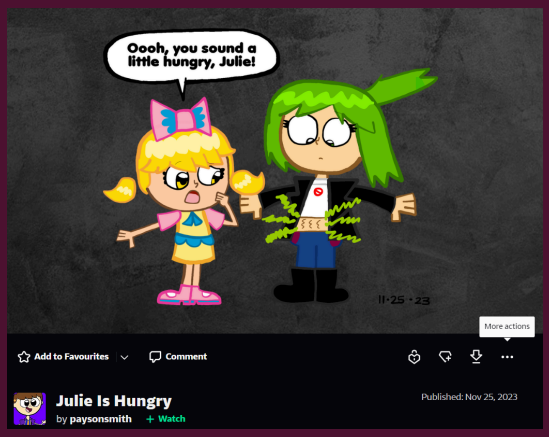
Fetishes involving children

And Payson has HUGE fetishes of stomach growling, belly poking, belly tickling, and ESPECIALLY, Bellyrolling. And he uses his kinky shit, on his OCs and fictional characters. MANY OF THEM ARE CHILDREN INCLUDING HIS OWN OCS, MOONEY AND STARLINK. WHO ARE ALSO KIDS. Mooney and Starlink are cute, shame the creator uses them as sextoys. That's the saddest part. And he literally wants to pitch Mooney's World to PBS Kids, despite his whole kinky shit. If he got hired by PBS, he'd be fired later....*COUGH! COUGH!* JOHN K. AND CHRIS SAVINO *COUGH COUGH!* Hell, there's one where Mooney does a harem dance, while starlink watches her big sister do the harem dance. Oh, he always LOVES his RPs with his OCs, and fictional children characters, with his kinky shit with his so-called “best buddy” (in reality probably a victim of his abuse), Spencer04.





The following screenshots show full-on literal proof of Payson making belly fetish art involving children. Additionally, it has come to our attention that numerous female characters are depicted wearing crop-tops. Given the context of the prevalent focus on belly fetish, this seems overly conspicuous.



Many of these artworks depict characters, often female, with their stomachs visibly churning, suggesting a perpetual hunger. This portrayal appears to cater to fetishistic interests 100%. But, this is exacerbated by the fact that THEY LOOK LIKE MINORS FOR GOODNESS' SAKE!!!

In conclusion, Payson is a manipulative pedophile, and (I hate to say this, but) that's at BEST. At worst, he's a MASSIVE threat to himself and others.

"PAYSON D. SMITH, IF YOU ARE SEEING THIS: ENJOY YOUR FINAL MOMENTS WITH YOUR "BUDDIES". CUZ ONCE WE'RE DONE WITH YOU, YOU'RE GONNA HAVE TO START PACKIN'." - a (now long since former) friend of payson's

This is Payson Smith’s response to the drama back in September 2024. And let’s just say, it's downright atrocious. He pretty much acts like a total manbaby, by angrily telling Superfruiter to leave social media despite he was 100% right about Payson being a pedophile monster of a creep, never admits his past mistakes including harassing CNDCPBSKFan, and thinking this old but now deleted post, will work. Thankfully, Instagram or Meta 100% deleted that garbage response. Probably due to violating the TOS of the app. And this was before Payson left Insta forever and moved to YT as his last spot for his shitty Mooney’s World and other hot trash

original works.

Listen here, people! For those of you who hate my Mooney's World idea, like that no-good, evil, opinion bashing, insulter, SuperFruiter, YOU HAD NO HEART!!!
First and for most, Mooney's World is not a knock-off of Rosie Rules, as the beloved PBS Kids series is acutally just one of the inspirations for the show. No characters at all have been off-branded, the stories aren't the same as Rosie's Rules, and most of all, THEY'RE NOT UNAPPEALING NOR CHARMLESS!!!! QUIT BASHING MY IDEA PEOPLE!!!!
Secondly, as an aspiring TV producer, I will never stick any kind of belly poking, tickling nor rolling stuff in my shows. They're just for fun!!!! I'm not a stomach fetishist! Quit with the drama and hatred of me! I have a dream and you are not gonna ruin my career!
And third, I'm not the jerk, SUPERFRUITER IS!!! Is doesn't care about me at all, he bosses me around all the damn time, he called me a pedophile and a manbaby (WHICH I'M NEITHER!!!!), He complains about my art, he complains about my breakdowns that I rather not talk about, AND WORSE OF ALL, HE'S TRYING TO END MY CAREER, JUST LIKE HOW DREAMWORKS AND BANKRUPTSY ALMOST ENDED PHIL VISCHER'S CAREER!!!!
SUPERFRUITER, IF YOU SEE THIS, YOU BETTER LEAVE YOUR SOCIAL MEDIA BECUASE OF THIS!!! YOU'RE NOT WELCOME TO THESE SITES ANYMORE!!

Look, let's be honest, I had this idea since October 2020, and I've dreamed and dreamed of getting it pitched and greenlit for quit some time now. And what you've said about me and my show were very insulting and cruel. If you have insulted me, well I hate to say this, than you should've been ban from social media for bashing someones idea for a show for a iconic children's network
Becuase of your behavior and actions, I am now fed up.
I'm now sick of some of you who hated me, or don't care about or my issues in my personal life.
Since you hated me so dang much, you've made me leave DA for good. And let's face it, and didn't want to come back anyways due to the fact my dad wants me to be safe on the internet, and mostly also because the older 2022 to 2023 drawings I've done were such a cringe fest.
I don't want any hate or drama about me anymore. I've now moved on and learn from my horrific mistakes and actions.
If you could just leave me alone for once, then I can continue my path to my destiny. I just want to get this show done.

paysond.smith This is a serious message to everyone who hates me.

Many months after Payson left Insta, this happened. Apparently, both Payson and Lapis are discussing about Payson's "Ugly Poor Behavior" all because he wanted his "Best Buddy" Spencer Castro to have WGBH {Spencer's Human Network}, to play more with her younger twin

siblings, the PBS Kids Twins, rather doing reading and her own things. It's clear Payson acts like a complete spoiled brat here.

I just wish WGBH would be more playful and lovable to her siblings, instead of ignoring them and reading...

In September 2024, a user named Superfruiter tried to convince Samir Sapp about Payson's horrible actions. However, Lapis butts in and says that Payson suffers from autism, and that autism is the biggest reason for Payson's actions. It proves that Lapis, despite being an autistic woman, uses the extremely infamous "Autism as an excuse" card. Lapis is in 100% denial that her so-called "Best Friend" is a literal monster, and she 100% blocked Superfruiter, for telling the harsh truth about Payson.

Lapis, I really hate to say this.
But, what Payson said from that callout doc, was really terrible.
Also, have you forgotten his rivalry with CNDCPBSKFAN? or Payson literally treating you like complete dirt about not letting you draw new fanart of your favorite shows?
Also, I can't believe I'm saying this but: Your in complete denial.
I really don't want to admit it, but it's true.
Not all of your fans are siding with Payson, and there are people who agreed from the Payson Callout Doc like Caiti, CNDCPBSKFAN, and

it's true.

I'm not in denial, SF. I just think his callout is true because he doesn't want to get a lot of hate because he has anxiety and autism, which is not an excuse at all. And besides, he's my best friend, and I refuse to cut ties with him on Instagram.

Okay, now you're bringing up the useless fact that autistic people, like my friend, use their autism and ADHD as a petty excuse, which is 100% false. They use as an expression for their creative differences. You're also bringing up the drama about my best friend on Instagram. If you disagree with what I'm saying, then get permanently blocked. I'm defending my best friend, Payson, on Instagram because he has anxiety and autism in which he uses it for creativity, and not for horrible excuses.

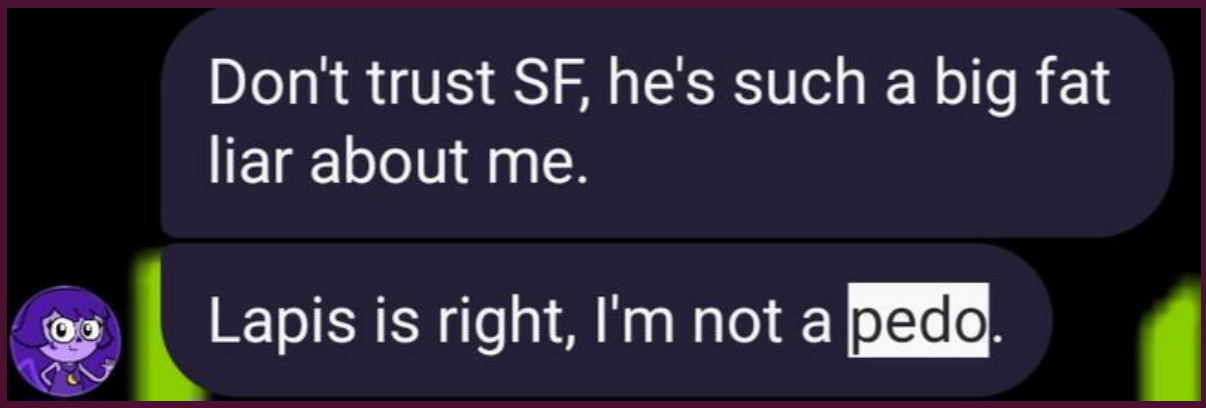
Oh, this image was taken from one of Payson's friends. Denial, much?



https://www.youtube.com/shorts/rDXyXkYBfQA

Oh, and Lapis made this when Payson left the internet temporarily. Granted, it's true that people do rebel against their parents, but only for their freedom and let them make their own choices. This however, is not a good example. For context, Payson's dad did the right thing to make his son never go back to the internet ever again. Payson did actually listen to his pop, but Lapis made this YT shorts message, to have Payson move in with his mom, all because of their "special bond" or "friendship". Unfortunately, it did work and Payson is currently on YT.

Note to RRAndUf2020: If you're reading this, look for any links shown in this doc and add in screenshots for those links, because I can't be able to add images... since I wasn't logged in to a Google account. Someone should make a copy of the document just in case Humancountries23 attempts to delete everything here.
Oh yeah, and one more thing. He also said something about self-harming himself: https://www.deviantart.com/humancountries23/art/Now-you-make-me-want-to-self-harm-myself-VENT-1210466727.
It could have been made for suicide (Or self-harm, whatever) baiting, but if it wasn't, then... Uhh... I don't know what to say. HC23, if you're reading this, you should probably acknowledge that you did some bad stuff and promise ***NEVER TO DO THEM AGAIN.*** And you should keep to that promise. Although the former seems more likely, since he had something about suicide baiting favorited, probably before he made the self-harm deviation. https://www.deviantart.com/humancountries23/favourites (Right now, look at the... Just search for the word "suicide" manually. Don't take that seriously, though.)

Update: It turns out, he could probably be serious about the self-harm thing? Who knows?

The Aurorafan2055 Situation

If you looked through the main part of the document closely, you would have noticed how I mentioned if Toola's responses here:
https://www.deviantart.com/comments/4/92360237/5217508547
should be considered. Well, she was accusing Humancountries23 of possibly making the Aurorafan2055 account from a month before this document's creation. If you were to-
WAIT! Who is Aurorafan2055?
Well, Aurora is a Lapis hater, much like most of the people who got hated on by him. However, she doesn't just hate Lapis. She makes HATEART out of her, with some of them being cruel. Her account is now deactivated. Now that we've got that out of the way, if you manage to retrieve Aurora's images and compare them to Humancountries23's images, you'll notice that their art styles are pretty similar. Some parts are different, but the similarities are enough to convince Toola that HC23 made the Aurorafan2055 account. Where can the images be found now? Well... I'll give you links to places CONTAINING them... And the images themselves.

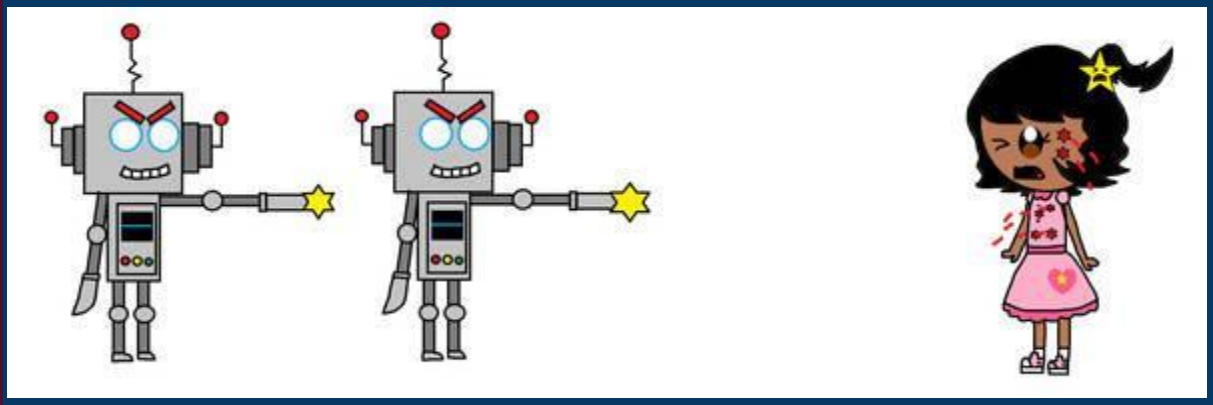
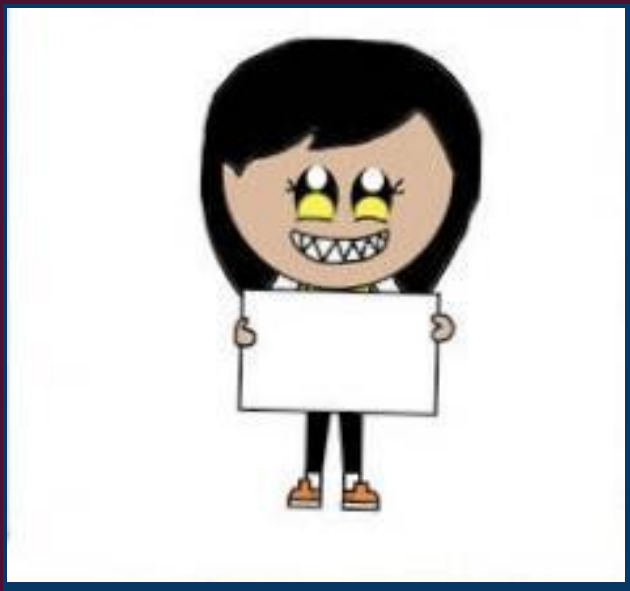
Most robot takeovers be like:



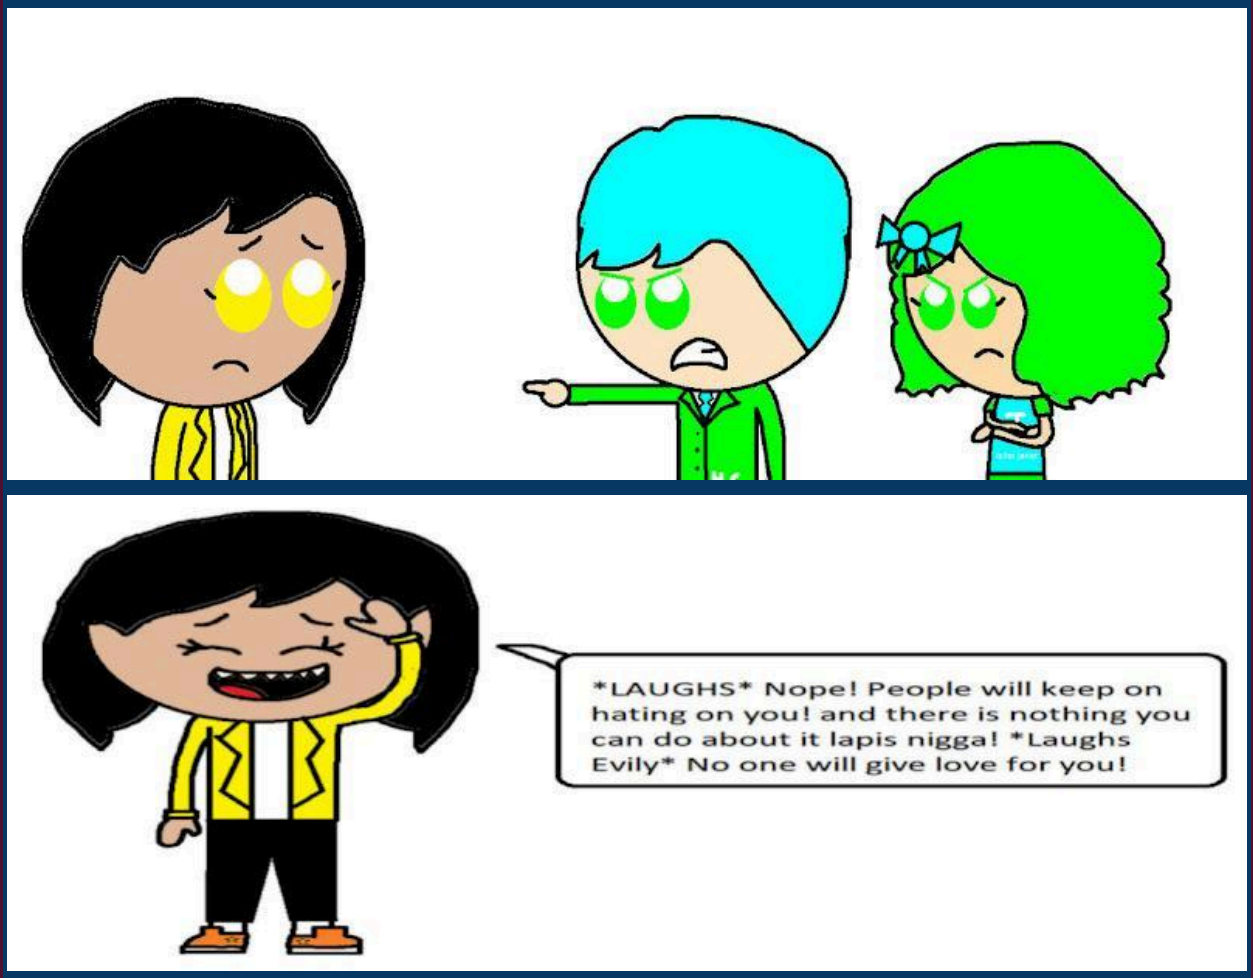
https://www.deviantart.com/ultra-evolution-06/art/Aurorafan2055-recibe-un-disparo-de-Lapisfan2055-1195890599 (Look at the top left. It shows the “You are a [N word]” deviation without the text.)



At this point, Google Images is used for the remaining link.
https://images.app.goo.gl/t4gDYZ1TS1QfQGf96

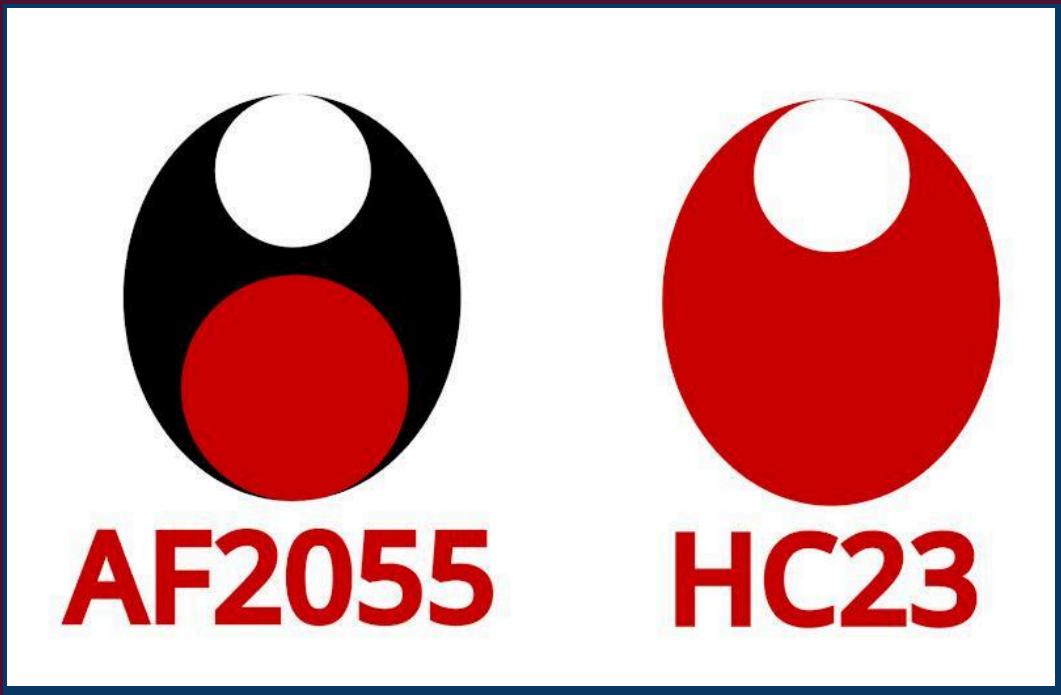
After that, everything else made by the account is gone. However, if I try to remember correctly, some of the permanently deleted ones involved stabbing, acid chambers, Aurora shooting Lapis, and... That's about it from what I can remember.
Some good images from HC23 to compare to the images I just gave are
https://www.deviantart.com/humancountries23/art/Me-and-Janet-confront-Aurora-the-Psycho-killer-1195589013 (Against all the times Aurora shows up. Also provided down below.)
and
https://www.deviantart.com/humancountries23/art/The-Peacemakers-Updated-1198631947 (Use this with the 3rd character to the right against the robot image)
https://www.deviantart.com/anti-aurorafan2055 (Look to the right of the banner. Once again, compare that against all the times Aurora shows up.)

Some images to back things up:



LAUGHS Nope! People will keep on hating on you! and there is nothing you can do about it lapis nigga! *Laughs Evily* No one will give love for you!

You can pretty clearly see striking similarities, with the only major difference being the way the eyes are styled. For a minor difference, the amount of eyelashes on Aurora is different. In HC23's response, she has 1, but in AF2055's works, she has 2. But then again, those differences might be intentional.



It's also possible to piece together that both of these accounts use Microsoft Paint. And if this were proven true, then it would also show that Humancountries23 is a troll taking advantage of Lapisfan2055 / LapisDrawsStuff for attention.

Update: I noticed this conversation:

https://www.deviantart.com/comments/1/1204152399/5218660710

Hey, wait a second… Did he actually apologize for that? Now that's surprising! Sure, it might only be to Adriancastillo1234, but it's better than straight up freaking out! And it also confirmed that he did indeed make the Aurorafan2055 account! Finally, some actual evidence for this! Thank you so much, adriancastillo1234! But just in case, I'll keep all of this here.

And if you have a theory or whatever about him that isn't proven yet, yet there's evidence leaning towards it, feel free to add it in here. Not in the main document, though.

Adding More Context

Wait, you want more? Okay.

Adding More Context

Here, it's not just Humancountries23 that will be talked about a lot here, but some others as well, just to either give a better understanding of some of the things brought up in the document, or… basically just adding more useless information not related to the doc.

Lapisfan2055

In the main document, I brought this up: “A few months ago, Lapisfan2055 / LapisDrawsStuff got exposed in a document for making fetish art (Especially of minors), being racist against Asians (For more context, she just named 2 of her Asian OCs racial slurs. That is now outdated, but still… It was brought up in the Lapis doc when it was first made, so that’s why I included it), having good relations with some other exposed users, etc.” For the fetish art, she claimed to have deleted all of them at some point, as revealed in the document. However, when you look very closely, you’ll find that some of these arts are still on the account.
https://www.deviantart.com/lapisfan2055/gallery?q=stomachgrowl
https://www.deviantart.com/lapisfan2055/gallery?q=tickle
There are more of these, which you can catch by using other key words similar to the ones mentioned in the links.
For the Asian OCs, I already gave enough context, and for the exposed users she has good relations with, one such example is paysonsmith. Right now, he’s deactivated on DeviantArt, but he has a YouTube account. And so does Lapis. It should be obvious where this is going… Right?
https://www.youtube.com/@PSmith-j5i (Payson’s YT channel)
https://www.youtube.com/@yakinaparker7892 (Lapis’s YT channel)

The Deactivation Threat (And Toola Laying The Groundwork For The Hacking Of Lapis)

Earlier, Toola revealed that she social engineered Lapis into giving away her password, meaning she compromised an account.
https://www.deviantart.com/t21colouredlolc4t/status-update/I-admit-it-I-may-1208373509
So Humancountries23 could… technically be right about Toola possibly getting deactivated later on? But it’s for a different reason, being that she compromised an account, which is worthy of a deactivation.
When I googled up “Can compromising an account lead to deactivation of the person compromising it on DeviantArt?”, the AI overview gives “Yes, compromising someone else’s DeviantArt account can lead to the deactivation of the person who compromises it.” If that were true, Toola is screwed, even if she wasn’t the one who logged into the account. She also showed earlier that the hacker was Planet1337 / LEPTAILURUSINVICTUS, one of her friends nicknamed Tierboskat. His main account is deactivated, but the alternate account is still up.

https://www.deviantart.com/comments/4/98354492/5216949368
She never leaked the password in **public**, so she most likely gave the password to Planet1337 in a DM. She said she didn't tell Planet1337 to hack the account, but it's most likely that she was expecting him to do so, because if not, why would she even mention the password to him at all? So she was technically involved in the hacking by giving away Lapis's password to Planet1337. However, that doesn't excuse the threat, because it was made **before** the hacking incident occurred, so he didn't even consider compromising.

Why he did the Death Threats

Humancountries23's reasoning for his death threats was that he had anger issues. However, the Aurorafan2055 situation mentioned in the Assumptions tab was recently proven true, meaning it might not be anger issues, but rather getting attention. But then again, that can't be completely proven yet until he admits to this as well.

Rayito-Joe, an Art Thief (In Some Instances)

Rayito-Joe / Ultra-Evolution-06 used some artworks from other people in some of his deviations, sometimes either not crediting the artist or crediting the wrong person. Some deviations doing the former (And the original artist):
https://www.deviantart.com/ultra-evolution-06/art/Starbow-interrumpe-a-este-diario-1208050743 (KameronKartoonz2000 for Starbow)
https://www.deviantart.com/ultra-evolution-06/art/Titulo-largo-1199760160 (Vissy1 for the image in the middle, and the Nick Jr. character belongs to LapisDrawsStuff)
https://www.deviantart.com/ultra-evolution-06/art/Discovery-Kids-2016-2021-mi-version-1210678694 (Lapisfan2055 / LapisDrawsStuff's 2012 Nick Jr. human channel was used as a base. This also applies to https://www.deviantart.com/ultra-evolution-06/art/DK-Interrupts-ZIONGRANTURISMO123-s-art-1212524719, since the same image was used.)
A similar thing also occurs with https://www.deviantart.com/ultra-evolution-06/art/Shiro-Teisuke-1212201645, where one of Lapis's characters was used as a base. Much like the deviation above, Lapis wasn't credited at all.

These aren't all of the instances of this, of course. If I did list all of them... Then I don't know how many pages will be taken up... But it will be some or a lot.
Some deviations doing the latter:
https://www.deviantart.com/ultra-evolution-06/art/Melody-hates-EverythinSucks3030-s-art-1211822648 (Melody's Musical Life was actually made by KameronKartoonz2000, not Nickelodeon. What makes this worse is the fact that he credited the correct person before:

Why does he suddenly start crediting Nickelodeon instead?)

The HumanizedDemon23 incident {plus HC23's horrible apology}
On July 8th, HC23 made an alt account of his persona being the devil. All he did was making hate art of users who rightfully blocked him, made status posts of those same users to suck his dick, and even tried to RAPE a user, whom in question is a minor! Thankfully, he deactivated his account after he realized he went way too far with his terrible behavior. This is only a piece of HD23 that survived.

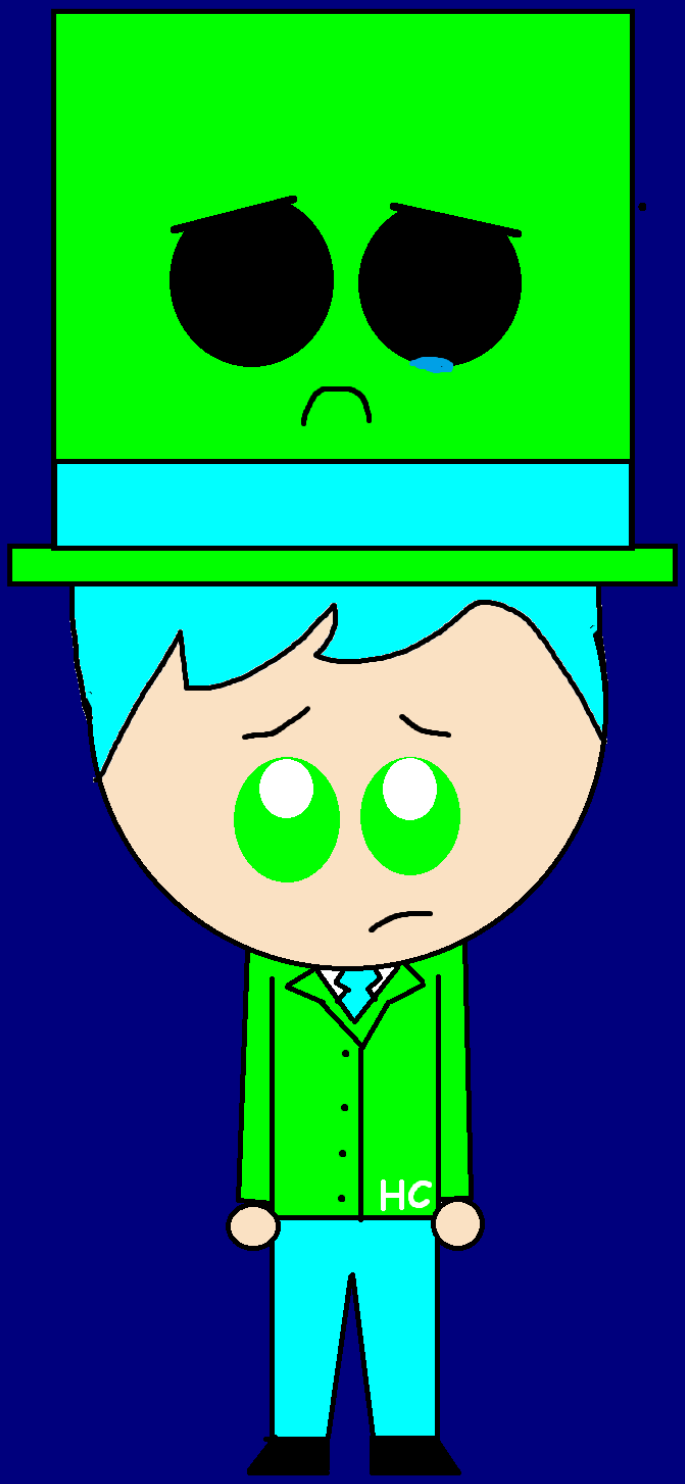
Admitting my wrongdoings



Please don't deny my apology!

A few hours later, HC23 made an “apology” for all of the stuff he did for the past few months. Some people, for whatever reason, forgave the guy, despite his horrid behavior, while others have common sense to deny his apology, especially T21 and Nexus which both of them have good reasons to never forgive him.

Now onto adriancastillo1234.

Adriancastillo1234 is a user who has 127 watchers, 217 deviations and almost 4K profile views.

Which is proof that Lapis' fanbase is just as bad as she herself is.
And he also blocked Mason and Jenna when they both tried to call out to him

CartoonViewer2003 (aka Samir Sapp) said a bunch of guilt trippy shit to nexus when all nexus was asking was that samir cut off lapis.

hey.

I appreciate for everything.

You were right.

Now me and Lapis are in danger of loosing each other.

We should of listened to you.

Now Toola wants me to cross paths.

Please. We'll doing anything it takes to get rid of this problem.

Will you have Adrian and ALL THE OTHER people supporting call off this AntiToola junk?

Yes. Anything. We just want Toola to get rid of the doc for good. Well stop blaming her for everything.

PLEASE....

hmmm... idk. this isn't enough to have her think so...

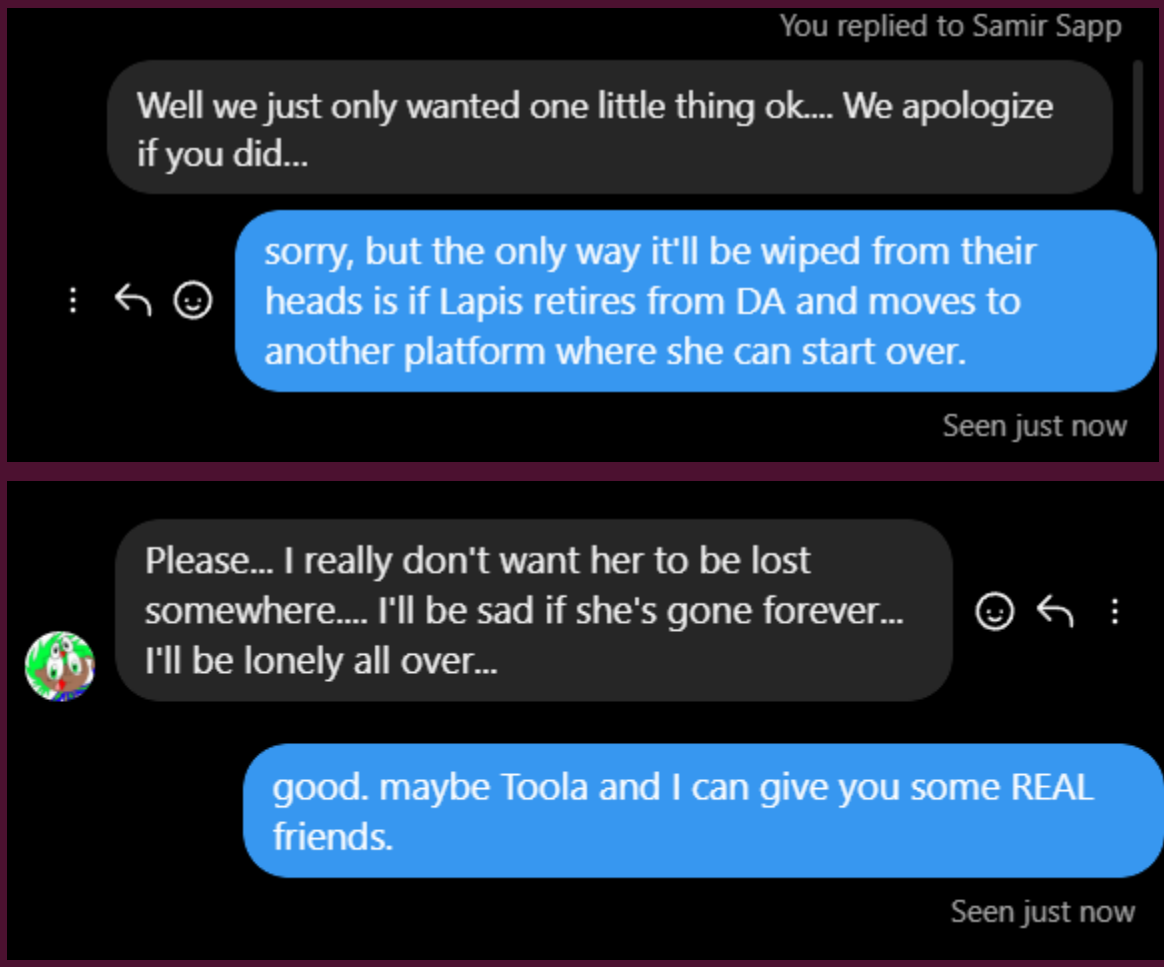
maybe this will teach y'all to quit making her life miserable.
Well I'm sorry ok.....I was afraid to lose my precious friend... I just wanted to do a favor for lapis.... I didn't mean to take it too far...
I regret everything I did.. I just wanted to help lapis get her friends back...



You replied to Samir Sapp
Well we just only wanted one little thing ok.... We apologize if you did...
sorry, but the only way it'll be wiped from their heads is if Lapis retires from DA and moves to another platform where she can start over.

Please... I really don't want her to be lost somewhere.... I'll be sad if she's gone forever... I'll be lonely all over...

Look, she never meant for it to happen. She was desperate to find out who made a doc of her doing fetish, that it wasn't made for fetish material. it was just for fun. and cartoon uses. and because of that, nexus, shoved her in an assaulting matter, which lead to a fight. all lapis wanted was her honor defend and have her watchers back. and yes, that whole thing what she did, she admitted that she went to far, and she apologized and changed.

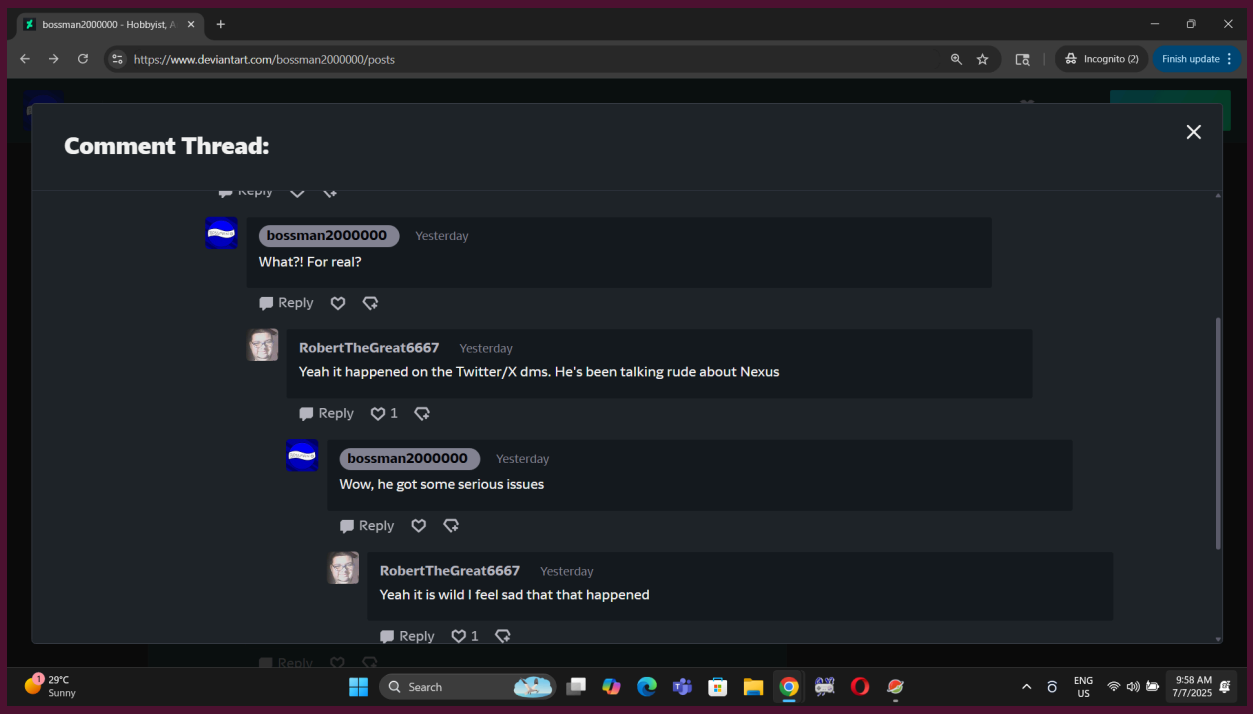
These screenshots show that Samir Sapp {Cartoonviewer2003's IRL name} tried many poor excuses about Lapis' horrible behavior. Toola didn't care for any of that, and this makes Samir look bad.

Not to mention, Samir Sapp made tons of belly fetish art for Payson and Spencer on YT. He only did that, because people won't angrily yell at him for disgusting belly fetish art, and also, Samir ACTUALLY did the belly roll to Payson. Keep in mind, Samir is 22 years old, and Payson is 18. It shows that Samir is 100% brainwashed from Payson and friends.



This screenshot proves that Samir was being a dick to Nexus, talking shit about him on Twitter. So far, this is the only proof of this claim.

On July 10th, Samir Sapp made this. It shows that both Kya Parker and Samir Sapp are extremely desperate to have Luckie rejoin The Sunshine Crew. However, Luckie 100% moved on from them, and she does NOT want anything to do with Lapis anymore. The reason why Samir posted this on YT, is because Luckie blocked both Lapis and CV. If anything, both of them are literally pounding a HUGE amount of

sand.

Dear @thecoolhippie2005 , if you're reading this, please understand. It's true@yakinaparker7892 might of messed up a few things that had gone terribly bad, and she regrets what she did in the past, and, she regrets where it all started. All she wanted was to entertain everyone, but they only saw the negative sense that they didn't like, and they disrespected her. She didn't like it, and she was only trying to defend her honor, but things might of gotten out of hand. She wished she didn't took things too far. But at the same time, she really misses you so much. She hopes you will reconsider and reunite with her soon someday, she promised that she'll make it right to earn your friendships again with the other team.

Let’s move on to Zingerburger123. Zingerburger123 is another Lapis glazer, who is only best known for his very mediocre artwork of the Human Networks, his own group of bland and uninteresting Non-Human Networks, makes hate art of users he despise, a Payson Smith dickrider, has terrible anger issues, refuse to admit that some of his artwork are fetish art like scat, diapers, bellies, extremely repetitive Roleplay, and overuse the same OCs again and again.

These screenshots show Zinger acts like a Lukao/Lucrecia clone to T21, which is extremely ironic, given Lucrecia was Zinger’s arch-nemesis. And Toola didn’t care two shits about that kid’s terrible temper tantrum.

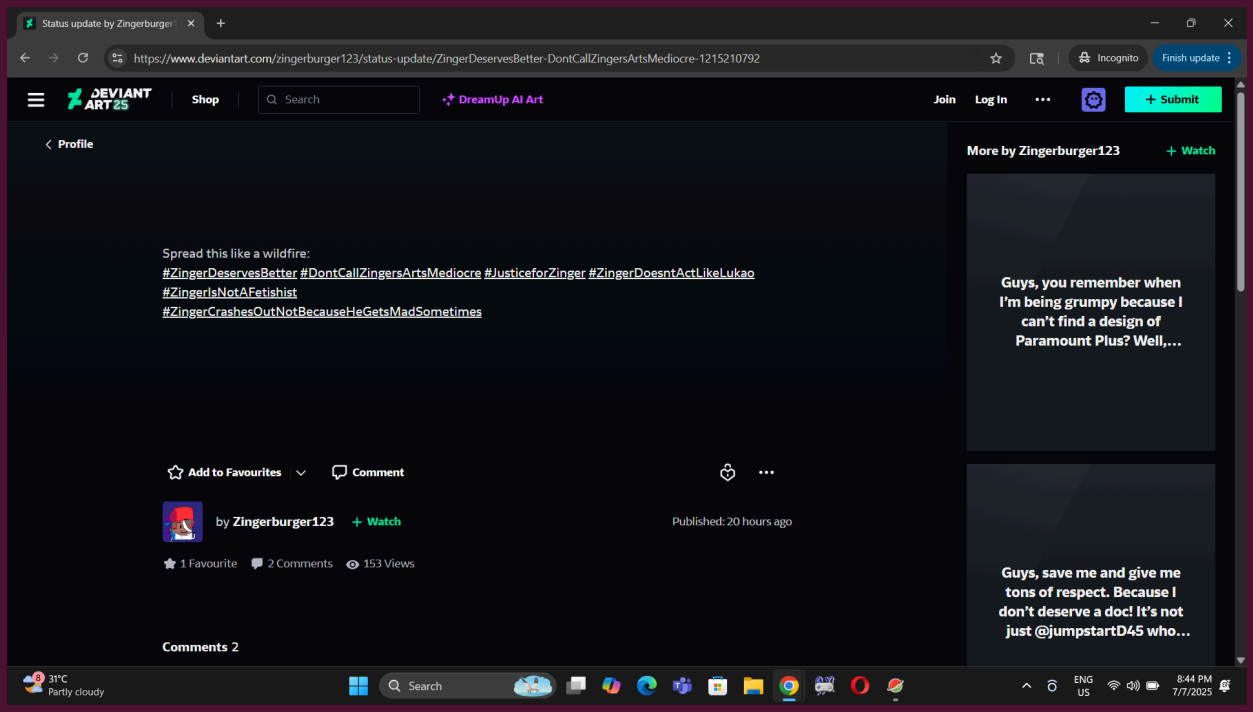
Oh, and Zinger made this after he found out he was in the doc. Needless to say, he can't take criticism at all. DavidSuper12 AT LEAST massively improved his artwork. Zinger continues to do his artwork on his phone, which is really impressive, but in execution. It's not really

good. And he's in complete denial. I think he's all perfect. But in reality, he's pretty awful.



As for DavidSuper12, he calls Mallory's schizophrenia "tantrums" when he KNOWS it (him calling it tantrums) absolutely makes her go batshit on him then he plays the victim
in lapis' insta gc when Mallory told them she was concerned about her sister getting tinder (her sis is luckily still single) David said he wished she was pregnant
and also this wasnt towards Mallory specifically but theres a member in lapis' insta gcs named jamal known 4 having severe mental health issues and david once kept triggering jamal by telling him ineffective coping methods that david KNEW wouldnt work 4 jamal and jamal almost attempted suicide.

This proves that DavidSuper12 is an insensitive prick, and not to mention, his EXTREMELY annoying personality, horrible artwork [despite it got massive improvement over time}, made tons of belly roll videos on YT for Payson's fetish fuel, a HUGE Lapis glazer, Payson

Dickrider, and a giant nuisance fan of The Sunshine Crew. And David Peterson is freakin' 25 years old. 25 YEARS OLD.

https://www.youtube.com/@davidjonsen7770/shorts
This link contains ALL of David Peterson's Belly Rolling shorts, for his precious idol, Payson D. Smith gazes at David's chubby belly, and sexy belly rolling, and other belly fetish. But seriously, I won't recommend watching ANY of those shorts. Otherwise, you might wanna use a ton of bleach, and take a break from the internet for a month or year.

However it seems on Lapis' known account that someone has been spamming something about Lapis deserving the hacking. However one fan ended up calling him the f-slur (and i doubt they're part of the

Carlosomari78 continued to support Lapis even after everybody sane cut ties, and whined about people blocking him, when he would be forgiven if he just cut ties with Lapis. And also he beats the dead horse that is ra1nb0wk1tty101 constantly.

Oh and one of Lapis' biggest glazers is Lukao Janke Gomez. That guy is a banevading manchild who makes multiple alt accounts to harass people he doesn't like, including T21 and Cesspoolcleaner. And also he has a fetish for women dying in childbirth. BTW: It's kinda suspicious that Lapis has never called out Lukao's actions as wrong.

Anyways back to the lapis files

Guilt tripping

Lapisfan has posted multiple posts guilt-tripping and wishes not to be part of drama anymore and wants some love again, yet simply deleting artwork doesn't fix the problem. Her actions won't earn respect relatively quickly, if at all.

Why I deleted them
0 min read
While I'm trying to ignore the ongoing drama, I wanted to let you guys know that I have to delete some artworks that caused a lot of people to cut ties with me. Here are the reasons why I was forced to delete them. Tickle torture: I was forced to delete some tickle torture artworks because people like Toola find those really uncomfortable. Stomach growling: I was also forced to delete my stomach growling fanarts because I believe that most people find them cringe-worthy. ChiareyChan and PurpleDino100 fanarts: Ever since I've cut ties with Chiarey and PurpleDino, I had no choice but to delete the fanarts I made for them. And since then, I do not support both

While I'm trying to ignore the ongoing drama, I wanted to let you guys know that I have to delete some artworks that caused a lot of people to cut ties with me. Here are the reasons why I was forced to delete them.

1. Tickle torture: I was forced to delete some tickle torture artworks because people like Toola find those really uncomfortable.
2. Stomach growling: I was also forced to delete my stomach growling fanarts because I believe that most people find them cringe-worthy.
3. ChiareyChan and PurpleDino100 fanarts: Ever since I've cut ties with Chiarey and PurpleDino, I had no choice but to delete the fanarts I made for them. And since then, I do not support both Chiarey and PurpleDino because they've did some horrible things in the past. Chiarey was called out for making a very inappropriate fanart of Queen Rippe from Kirby 64: The Crystal Shards, and PurpleDino for kidnapping a little girl in real life. And for that, I decided not to make any more fanarts of them after what they did.

It's really heartbreaking to say goodbye to my artworks, but it's the only way to end this whole drama together. I might delete some more. Also, do not reupload my deleted artworks because that will make the drama even worse.

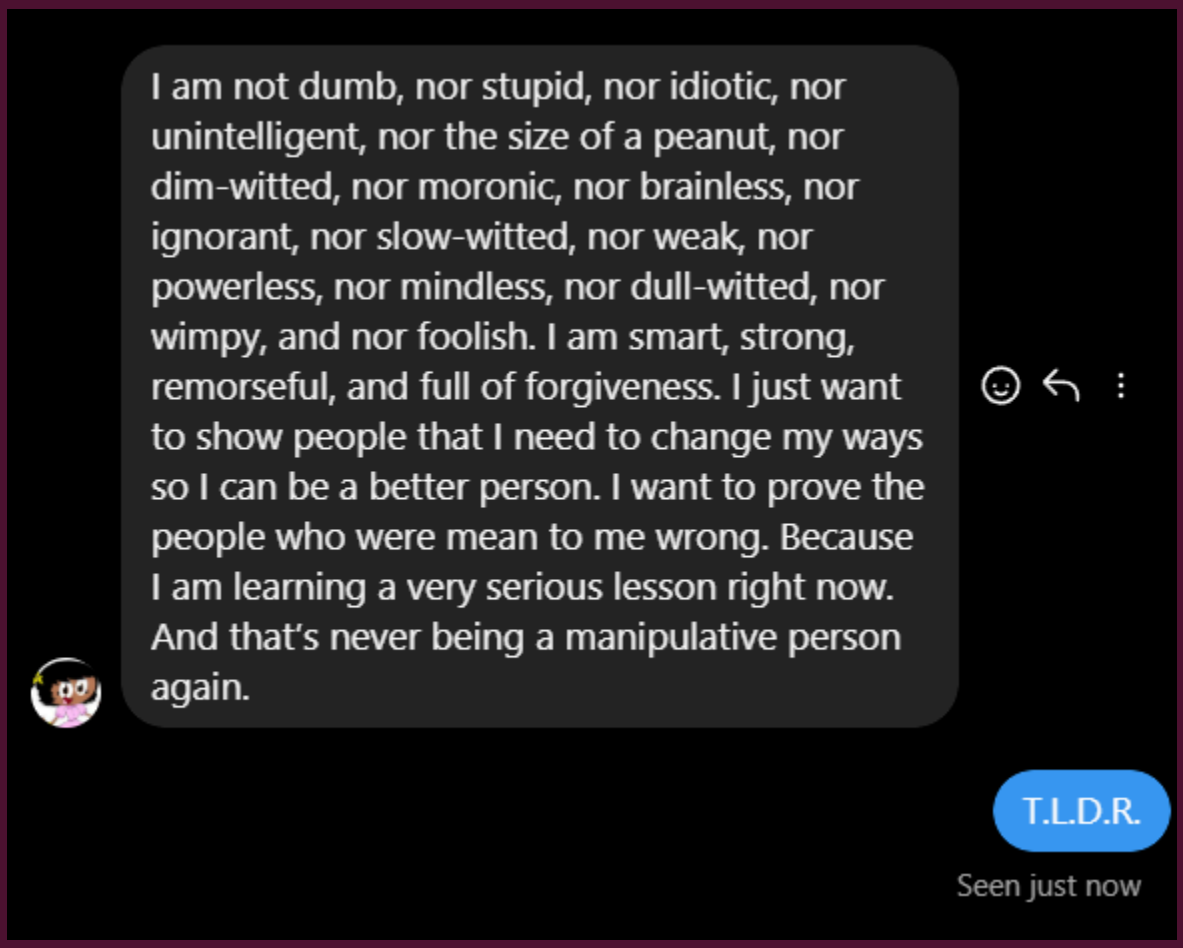
Would anyone want to comfort me? I'm not in a good mood tonight because of the continuing drama... I don't wanna leave you guys... I want to prove myself that I can have a change of heart and not be the one I was before. I want to forget about the things I've said to Nexus because I've already regretted. I have learned a very serious lesson now. And that is not being a jerk. So, please, let me change my ways and bring me love and comfort...



I am not dumb, nor stupid, nor idiotic, nor unintelligent, nor the size of a peanut, nor dim-witted, nor moronic, nor brainless, nor ignorant, nor slow-witted, nor weak, nor powerless, nor mindless, nor dull-witted, nor wimpy, and nor foolish. I am smart, strong, remorseful, and full of forgiveness. I just want to show people that I need to change my ways so I can be a better person. I want to prove the people who were mean to me wrong. Because I am learning a very serious lesson right now. And that's never being a manipulative person again.

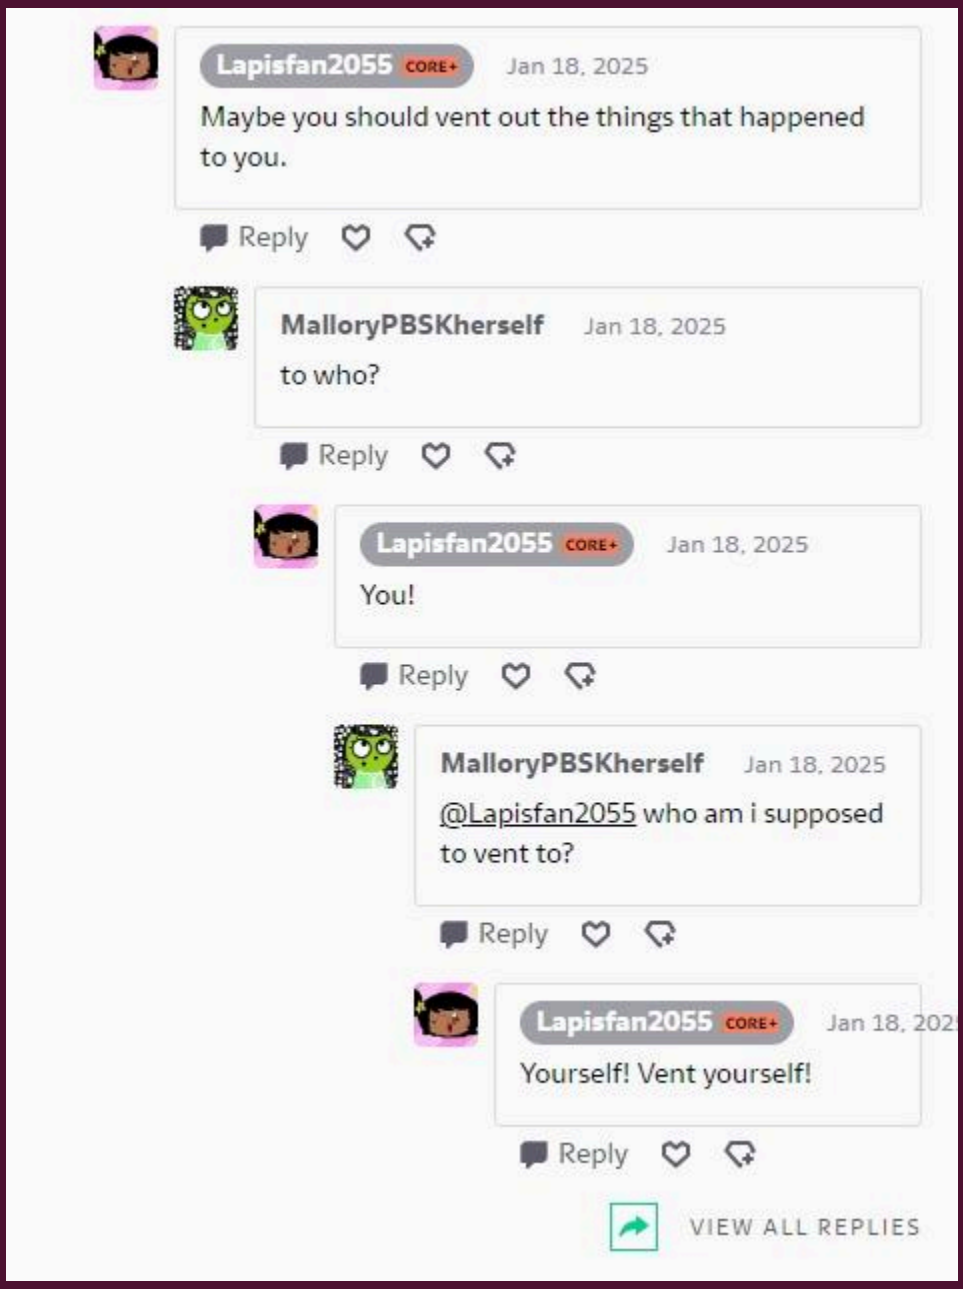
Being unsupportive towards her friends

Lapisfan once pushed Mallory, one of her friends, to vent all her problems to herself and not talk to anyone else. Just to vent her problems to herself. While people do vent to themselves, it is overall better to talk to someone like a therapist in order to vent your problems. It also seems quite insensitive for Lapis to tell Mallory to talk to herself

to vent, considering Mallory has schizophrenia, and people who have schizophrenia usually talk to themselves due to hallucinations.



Returning to old ways

FROM DavidSuper12

I know. Toola, Lapis misses making giant, tickle, belly rubs, and Mooney arts. Can she draw them again?

T21colouredLolc4t said the following:

I still dont forgive her for threatening to kill my bf

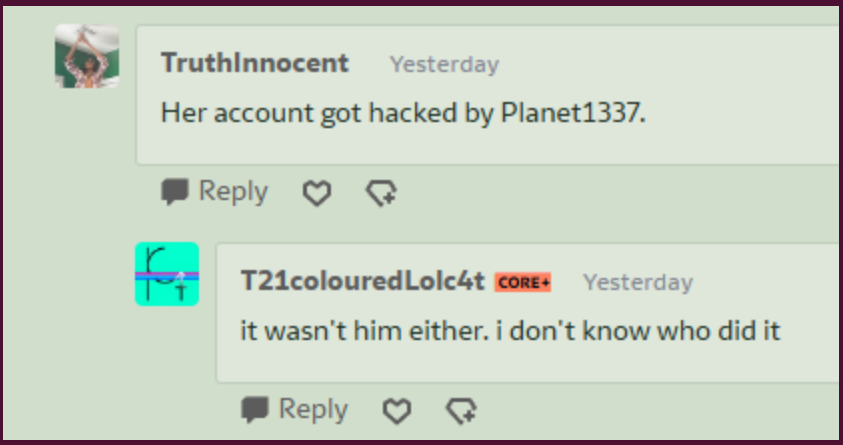
DavidSuper12 said the following:

Hey Toola. I just want to say thank you for letting Lapis stay on DA forever.

After an earlier version of this doc was circulated, Lapis made a promise to change and stop making fetish art and supporting pedophiles, yet she didn't fulfill said promise. Apparently, she is rather addicted to making this and one of her friends was dumb enough to ask this doc's main author for permission on Lapis' behalf.

THE HACKING INCIDENT…

Lapis was actually dumb enough to send her password in a plain text note. Hilarity ensued when a third party, posing as a demonic version of Harambe, logged into her account. Lapis, on a hastily-created alternate account, encouraged people to believe Toola was responsible for the hacking, but later reneged and encouraged[citation needed] her followers to block one of Toola's friends, having suspected them to be the one behind the hijacking. These followers began to repeat this narrative:



Additionally, they posted death threats to the user, and made other accusations and statements of harassment:

Opinion Bashing

Several months ago, before the callout doc got a massive update. A user named CNDCPBSKFan {Formerly known as Heisawesome}, used to be a big fan of Lapis, and her Human Networks. However, when CNDC decided to release an apology post about all of the bad stuff he did, and he admits he hates Nickelodeon with a burning passion, [with the exception of The First Spongebob Movie and The Spongebob Video Games, which is really ironic considering he absolutely hates Spongebob a huge ton}. He explains that he only pretends to like the network, just to please Lapis' friends: Payson Smith and Spencer Castro. It comes to the point that CNDC can't lie to himself anymore, and he tells everyone why he hates Nickelodeon, for good reasons. Sure, some of his reasons were bizarre and odd, while others are understandable. When Lapis caught a huge whiff of the post, she was not happy about it. AT ALL.

Wow. You just lied to me that you liked Nickelodeon. And now you said that you're the biggest hater of my favorite network. I'm, like, so disappointed in you. You should've loved it and the human network. I should block you for that.

That's not the point though. You just don't even have a soft spot for the network. You only show hate, cruelty, and major disrespect to the channel. I thought you were cool, but now you're not. You're uncool. I don't know if I want to be friends with you after you lied in front of my face.

Well, I denied your apology. You treat Cartoon Network, Disney Channel and PBS Kids like a present since you love them. But you treat Nickelodeon awfully since you hate it and make harsh comments about it after you lied about it. And with that, you are no longer welcomed in my profile. Goodbye forever, liar.

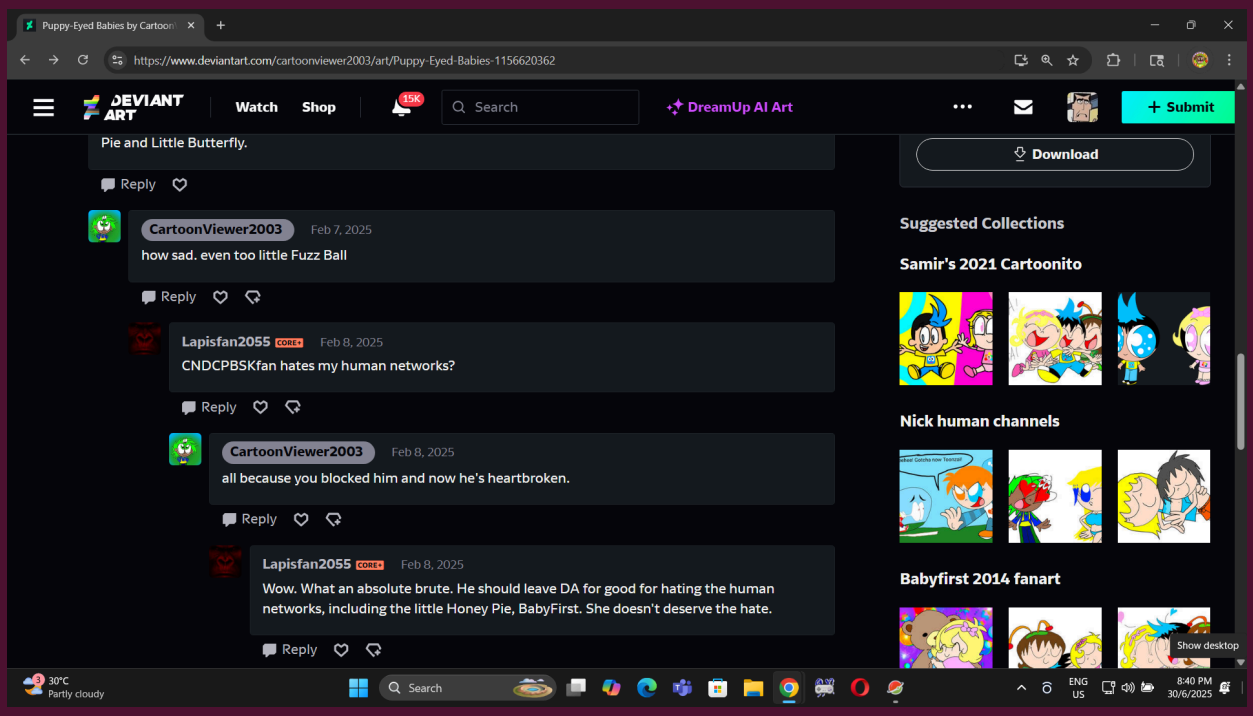
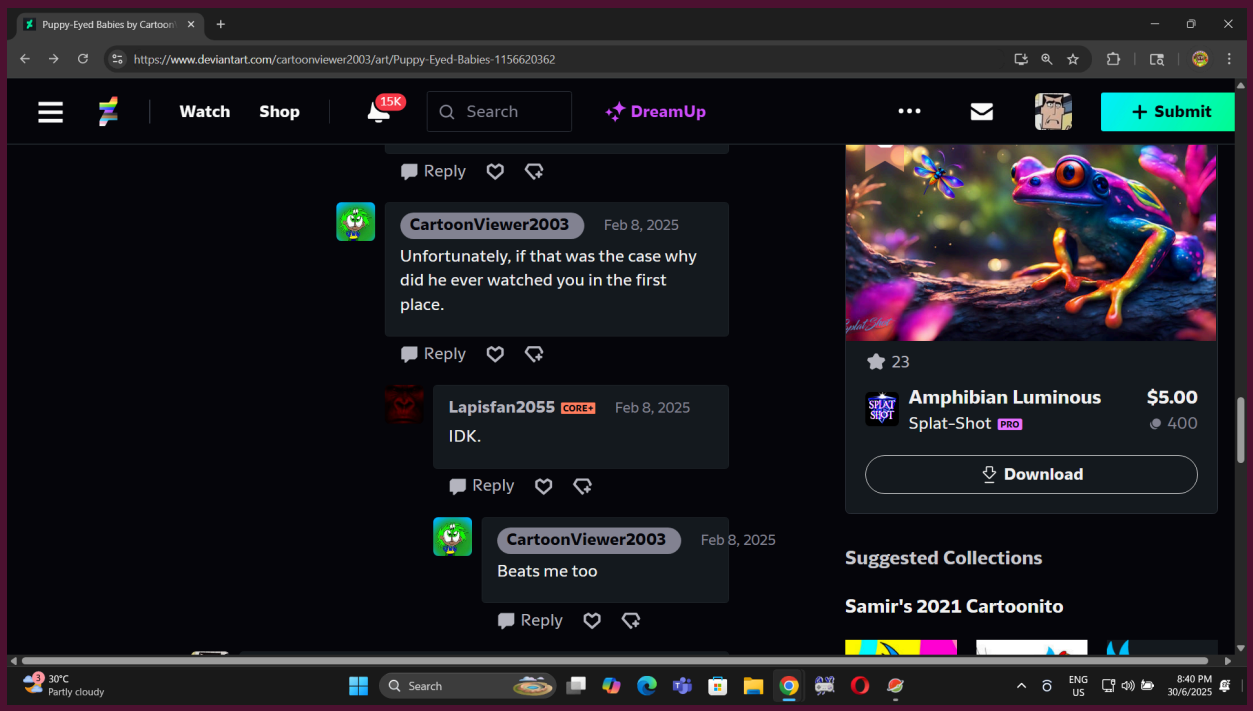
That right there, is pure opinion bashing mode. Lapis did not even care to respect CNDC's opinion of Nickelodeon, nor did she understand why he hates the network so much. Lapis goes full jerkass mode on CNDC, and literally blocks him forever all over a different opinion. A DIFFERENT OPINION. It goes to show that Lapis didn't really care about users having different tastes. She only cares that everyone will have the same opinion as her.

Terrible habit of people hating her Human Networks.
Lapis has that weird tendency that if anyone, and I mean ANYONE who dares to hate her Human Networks, especially The Honey Pie, Babyfirst TV 2014. She goes full bitch mode about it, and wants the haters to leave DA for that.





I mean, seriously!? I know not everyone will like your Human Network OCs, but come on! You sound like a whiny brat, who wants everyone in school to like your drawing. But, some kids laugh at you, and they think your characters are lame or boring! Lapis is a full grown adult. A FULL GROWN ADULT. And besides, just ignore the haters! It's not that impossibly hard to do! It's normal to have some people hate your work, and your characters! And the Human Networks aren't

perfect either! Do you want them to be Gary Stus and Mary Sues, including Babyfirst TV 2014 and BabyTV?
Rest assured, this is the only piece of evidence I found. I'm not sure if there is any more evidence of Lapis acting like this.

Suspicions

Apparently, I'm starting to feel suspicious about lapisfan2055/Lapisdrawsstuff. Because she might be a sockpuppet account created by some user who had been banned from dabetfore. Probably not Ra1nb0wK1tty or Nessn, but as shown by the whole Spacejamstr drama, Kya has a history of using alt accounts. If you guys know if Kya had a DA account before making the Lapisfan2055/Lapisdrawsstuff account, Let me know. But if it's confirmed that Lapisfan2055/Lapisdrawsstuff is not a sockpuppet account, We'll just post an update.

Can't handle getting blocked.

During the Lapis drama, Lapis wasn't really happy about being blocked from a ton of people. Lapis then complained all of this to CV and literally blamed Toola for it. Despite T21 not doing anything to make people block Lapis, those people read the callout doc, and they blocked her, all because of her terrible actions and behaviour.

Lapis has another habit, of turning off comments on her artwork, either people telling her to delete her fetish art, or worry about Payson and Spencer haters.
She did this a TON on her Mooney artwork.

Blackmailing {I think?}
So, in May 2025. Nexus told Yellowstar the context of this artwork. Basically, it's just Lapis possibly blackmailing Samir, all because she gets really tired of seeing CV's Jetix 2004, and the fact her sibs are non-existent. Yellowstar made a more logical point of this absurd idea.

CONTEXT: Lapis was tired of Jetix always appearing in CV's pics, making the other Disney networks feel like ghosts.
So in order to ensure that Lapis and CV STAY friends with each other, CV decided to temporarily retire Jetix until further notice.

I'm sorry STAY friends?, I feel like it would've been better if Lapis just simply asked to have the other Disney networks be drawn more instead of just ensuring that CV and her would stay friends.

Controlling her friends

Lapis is shown to order her friends to delete stuff that she 100% hates. This isn't the first time she has done this. She probably has done this way too many times.

And you really need to get new parents because your parents are god awful.

Well then, I'm sorry. Sorry if being painfully punished by my teachers, yelled at by my parents, and learned about how to deal with criticism was meant to be me being a ruthless person. My parents (especially Dad) are more strict with me because they care about me.. and one day, I have to take care of them and myself. Even though through all the pain, I know they still love me with a smile... and I love them. They're still my Mom and Dad, and that's fine by me.
Normally, I would've cried. But now, I'm learning how to take it. And Jaxson should learn that, too. I know he can't handle it.... but I know taking a break can really help him mentally... Please.... I'm becoming strict with people because I care.

Robert told me that a lot of people are cutting ties with Jaxson is because of Toola.

I believe she made a doc out of Jaxson.

isn't always about rainbows and flowers, y'know. Sometimes, it involves being a bit cold-blooded to be right.
Well I wish you weren't harsh to anyone including Jaxson because some of them are extremely sensitive and tend to get scared of you because of your cold-hearted behavior.
I heard that you were way too insensitive towards poor Jaxson and yelled at him and told him to kill himself, which did not help at all.
And you really need to get new parents because your parents are god awful.

Chaos, Jaxson is feeling sad and depressed again. It's because he is extremely sensitive about social media because a lot of people are cutting ties with him and blocking him on DeviantArt. And he keeps hating himself and calling himself bad names. For example, he said he's a dumpster fire. We don't think Jaxson is dumpster fire. We think he's a great person who needs a lot of help and support. And also, he said the past few weeks are awful because he keeps having terrible days. I don't want him to feel sad, depressed, or pessimistic. I want him to feel happy again. Do you think maybe you could talk to him?
Well... Couldn't he just ignore it or maybe be offline for a few weeks or maybe do something that can help him become mentally stronger instead of a whimp? He can develop positive thinking by NOT being online and spend time in grass.
Are you against him after you were harsh on him?
I mean, honesty comes with a harsh truth. Besides, my Dad told me that if no one can be mentally strong, they're nothing but a pawn in the world. Why'd you think I'm slowly separating myself from the Web?
I just want Jaxson to be happy again after what he's gone through all week.
I dunno, let him work out, find a local therapist, give him a week off to let it wash out. The only reason why I'm being more harsh when telling the truth is because of my parents, my Mom (who yelled at me for half a year because of her personal problems); and Dad (who corrects me with a strict manner). I'm still 17, yet I'm becoming more and more strict with people who are even older than I am. Honesty isn't always about rainbows and flowers, y'know. Sometimes, it involves being a bit

Do you always think it'll be Toola? Like "Toola this" n' " Toola that" n' "Toola, Toola, Toola." Couldn't you at least think first before pointing fingers? I'm sorry, but what I'm seein'.

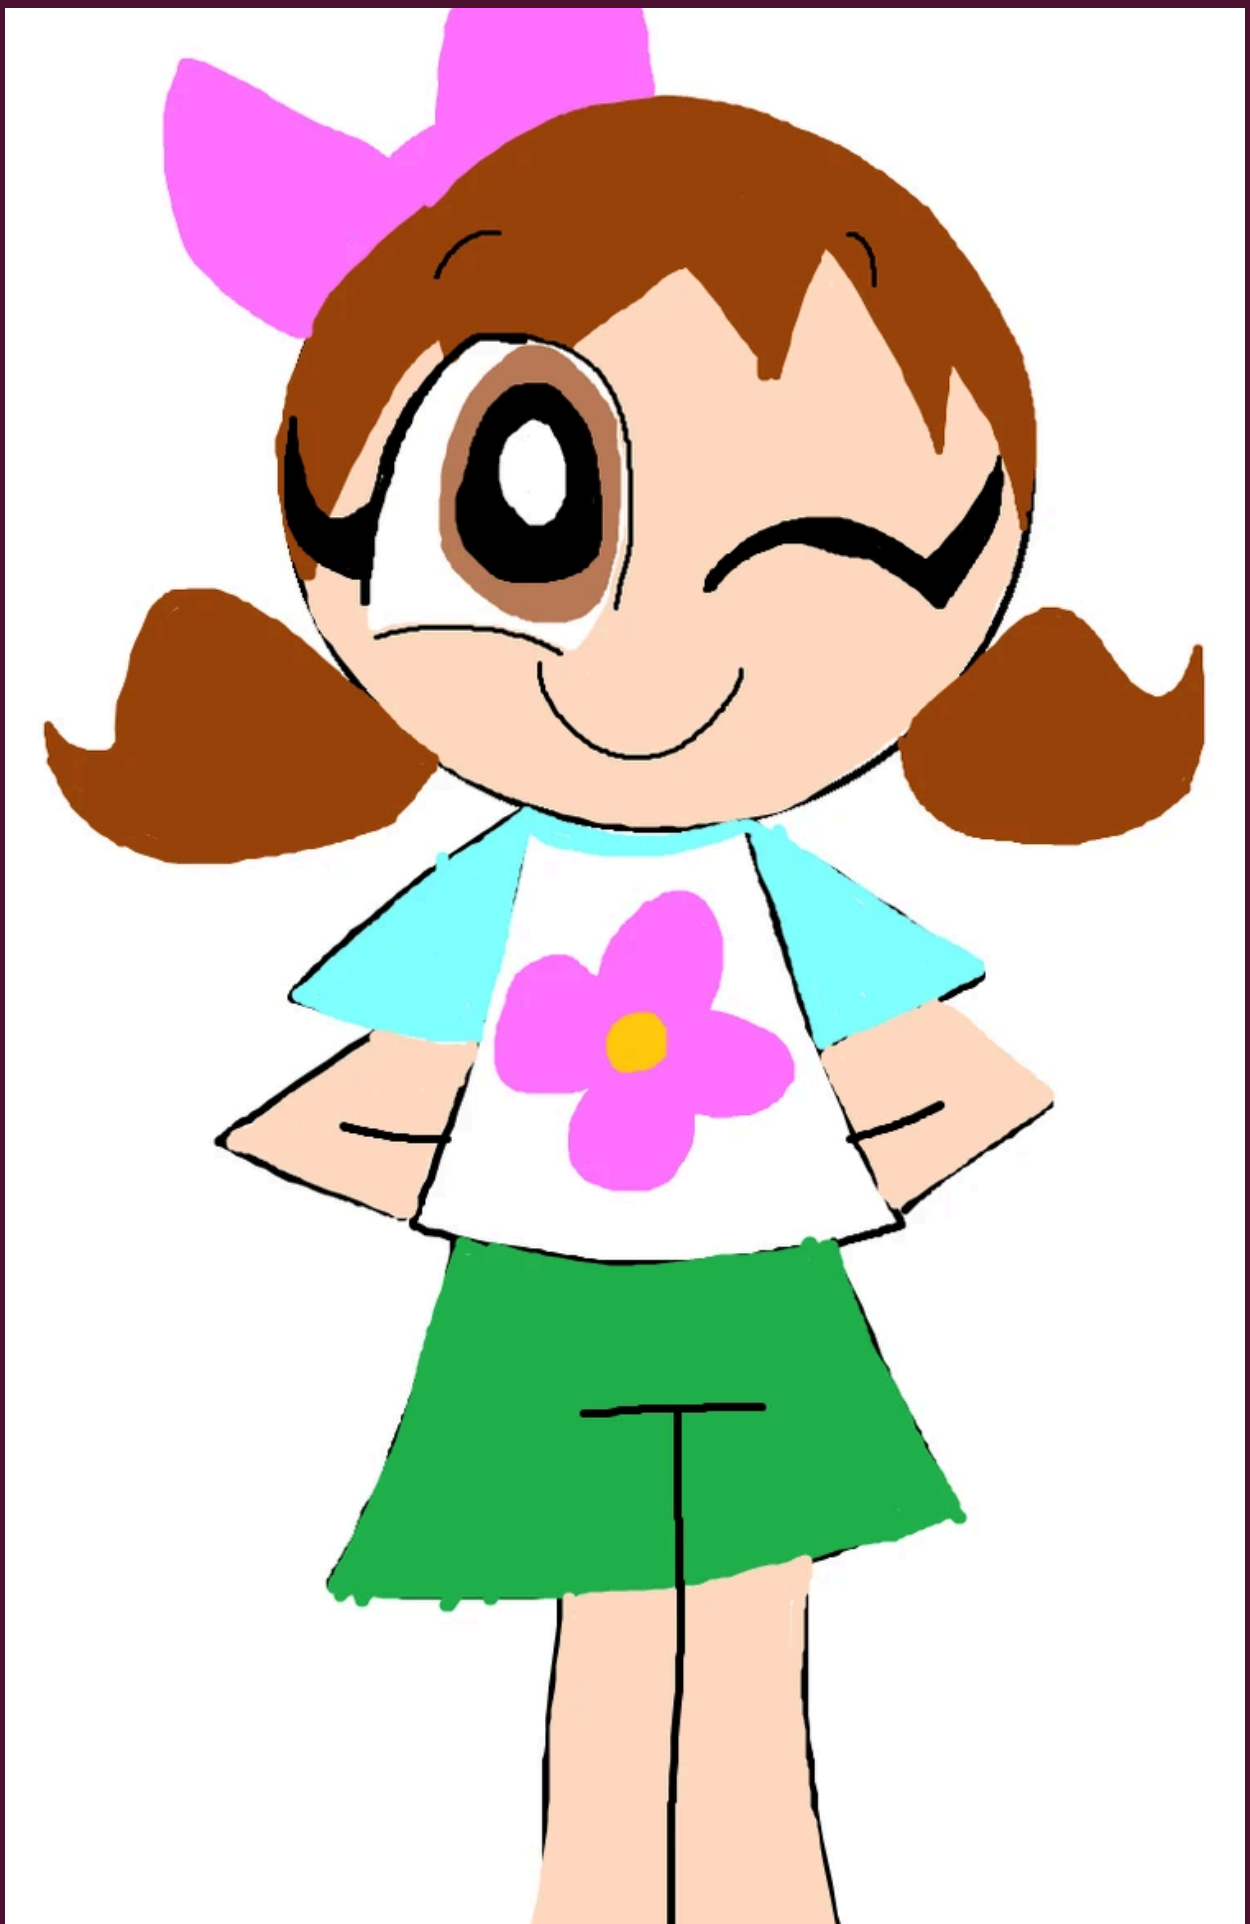
Conclusion and advice

In conclusion, Kya Parker needs therapy. This kind of behaviour is extremely unhealthy, and she is starting to remind me of several other controversial deviants, such as RainbowKitty, Ced145, MarkBorn, CyanColorful, SnowGirlKitMaker, Teloach, and many others I won't bother to name here.

Btw: Lapis being a shit person is one of the few things that LaceyPowerpuff and ValisEmma agree on. Oh and it's also most likely the ONLY thing that Shriasuger and Tsgdrawsstuff agree on. #LAPISISOVERPARTY

Appendix: A short evolution of Lapis' persona(s)

Just as an aside, from her Spacejamstr days to today.



when she became Lapis, her oc OH SO SUDDENLY changed to being black. She may be black IRL but some ppl (wrongly) suspected this was the use of textbook blackface (leaving this in for completion).

A lil postmortem:

LAPIS IS DEAD

HER FANS ARE DEAD

HER OCS ARE DEAD

THE HUMAN CHANNELS ARE BEING SKINNED ALIVE

TELEVISION TOWN IS BEING NUKED
KYA PARKER SUCKS AT LIFE
THE WHOLE WORLD HATES HER
SHE'S GOING TO HELL
DEAL WITH IT
GAME OVER

EXTRA: Her beef with Lucrecia

https://www.deviantart.com/lucreciaguerrero

So, around 2023-ish. Lucrecia was being attacked by Lapis when she was a minor. Teen respectively. All cuz she had beef over BabyFirst.
